BELIEVED FLOYD IN HOSPITAL

FULL MORATORIUM FOR TEN YEARS IS PAN-AMERICAN PLEA

FOREIGN MINISTER OF MEXICO TO MAKE THIS DEMAND OF CONFERENCE

MONTEVIDEO, Uruguay, Dec. 4.—(AP)—Dr. Jose M. Casuaranc, foreign minister of Mexico, revealed his nation's intention to sponsor a six to ten-year Pan-American moratorium on public and private debts today, when he proposed an amendment to the Pan-American conference agenda.

The Mexican diplomat protested that the conference program dealing with debts, silver, and monetary questions be altered.

The steering committee indicated it would decide on the Mexican amendment tomorrow.

The amendment suggested an international court deal with these debts without the intervention of bankers, that a common bi-metallic monetary system be established with domestic price levels as the monetary basis, and the use of silver for a portion of the reserves and coinage.

The amendment also would provide for uniform central banks in all countries linked through one continual master bank.

By G. D. SEYMOUR

MONTEVIDEO, Uruguay, Dec. 4.—(AP)—Representatives of a group of American republics, which did not include the United States, designated the Colombian delegation today to inform the Cuban delegation that attacks on the United States in the Pan-American conference were not permissible.

SECRETARY SWANSON URGES BUILDING OF NAVY SECOND NONE

ANNUAL REPORT OF NAVY HEAD SUBMITTED; LONDON TAKES STATEMENT CALMLY

WASHINGTON, Dec. 4.—(AP)—Secretary Swanson today sought opportunity for conversations with President Roosevelt in furtherance of pleas contained in his annual report for an American navy second to none and an abandonment by the United States of its "lead in disarmament."

The navy secretary also studied reaction from abroad to his frank suggestions. First reports from London indicated little stir over his statement, while from Tokyo came word that Japan was dissatisfied with its small end of the 5-5-3 ratio.

In submitting his annual naval activities report to the president Swanson remarked that this country's disarmament moves since the world war had set an example for the rest of the world, but had impaired America's relative naval strength.

"The time has come, however, when we can no longer afford to lead in disarmament by example," he said. "Other powers have not

(Continued on Page Five)

Ordered Extradited

Martin J. Insull, former utilities magnate of Chicago, and a brother of Samuel Insull, who was ordered extradited from Canada to Chicago, Saturday. It is expected that the ruling will be appealed. Without such a step Insull would be required under the order to leave Canada within fifteen days.

Connally Flays Situation That Exists Louisiana

HOUSTON, Dec. 4.—(AP)—United States Senator Tom Connally of Marlin, chairman of the senate sub-committee which has been investigating the Overton-Broussard election in Louisiana, condemned election practices in that state in a statement issued here today.

"Speaking individually and not for the committee," the Texas senator said, "I have no hesitancy in saying that I heartily condemn the practice of using dummy candidates for the purpose of gaining control of the election machinery as practiced in Louisiana.

"I also heartily condemn the assessment of state and city employes and deductions from their salaries for political and campaign purposes.

"I further have no hesitancy in stating that the Long organization outside the city of New Orleans has complete control in Louisiana, and that the Walmsley political organization in the city of New Orleans has complete control of the politics of the city.

"For many years there have been many abuses and irregularities with regard to elections in Louisiana."

Senator Connally stopped here en route from New Orleans to his home. He said that he felt he should make a statement because "so many sensational, biased and colored reports were sent out fromb New Orleans."

Held For Questioning.

LAWTON, Okla., Dec. 4.—(AP)—County officials announced today that R. F. Hayter whose wife and two children were found dead in the Hayter home here Nov. 1, is held for questioning.

LOUISIANA VOTERS CHALLENGING LONG'S POLITICAL RULE

ADMINISTRATION CLAIMS INJUNCTION AGAINST BALLOT PRINTING TOO LATE

BATON ROUGE, La., Dec. 4.—(AP)—Upholding the petition of protesting citizens, Judge George K. Favrot of the East Baton Rouge district court today issued an injunction against the state administration to prevent the printing of ballots for use in tomorrow's sixth district congressional election and in an opinion from the bench excoriated the administration for abolishing the party primary in the district.

BATON ROUGE, La., Dec. 4.—(AP)—The state administration today informed the East Baton Rouge district court which last week issued a restraining order to prevent state authorities from printing ballots for tomorrow's sixth district congressional election, that the restraining order was without effect because the ballots had already been printed.

With the status of the ballots thus in doubt, Judge George K. Faurot, presiding in the court, ordered to trial the case of sixth district citizens against the secretary of state, challenging the printing of the ballots.

The case was that of J. O. Bouanchaud and nine other citizens of the district who have attacked the legality of the administration move to send Mrs. Bolivar E. Kemp to the vacant sixth district congress seat in a special election called for tomorrow, without the houding of a party primary.

BRITISH CABINET WRESTLING WITH IRISH PROBLEMS

PRESIDENT DE VALERA HAD ASKED ATTITUDE ON DECLARATION OF REPUBLIC

By FRANK H. KING

LONDON, Dec. 4.—(AP)—The British cabinet wrestled several hours at a meeting today with problems arising from the crisis in relations between the Irish Free State and the British Commonwealth of Nations.

The ministers had before them a dispatch sent by President Eamonn De Valera of the Irish Free State to Dominions Secretary J. H. Thomas.

In it, it was understood, De Valera said he was awaiting a statement as to what would be the British government's attitude toward the declaration of an Irish republic.

It was generally expected in political circles that the cabinet's reply to De Valera would be disclosed tomorrow in the House of Commons. The announcement would thus coincide with Thomas' reply on a member's question on the matter.

Thomas was asked if the Dominions Secretary would bring to the notice of the natives of the Free State the disadvantages both this country and their own would suffer if the Free State were declared a republic.

Involved in the situation, authoritative quarters believed, is whether the Irish Free State will secede from the Commonwealth and become an independent republic, with thousands of Irish in England subject to deportation unless they choose to become British subjects.

In such a case the Free State executive was expected to call a general election on a platform of an all-Irland republic—a De Jure republic for all Ireland and a de facto rejubilic for the 26 counties of the Irish Free State. The six counties of northern Ireland are not apart of the Free State.

LITVINOFF TURNS FROM BUSINESS TO PLEASURE IN ROME

CONCLUDES PACT WITH MUSSOLINI FOR POLITICAL COLLABORATION

By ANDRUE BERDING

ROME, Dec. 4.—(AP)—Maxim Litvinoff turned from business to pleasure today—from talks with Premier Mussolini productive of an agremeent on Italian-Soviet political collaboration to the formalities of diplomacy.

Cheif of these was a reception by King Victor Emmanuel of the Russian foreign commissar and a banquet at the Soviet embassy. Tomorrow he will be a guest at the American embassay.

Litvinoff, who arrived Saturday after concluding Soviet-American

(Continued on Page Eight)

PRESIDENT FINDS REPEAL THRUSTING TAXES TO FRONT

LIQUOR TAXES EXPECTED TO SUPERCEDE OTHER TAXES ON JANUARY FIRST

WASHINGTON, Dec. 4.—(AP)—President Roosevelt, on returning from Georgia today, found the imminence of prohibition repeal thrusting tax and other problems forward for action and prepared to do his part toward settlement.

Among the first to be consulted by him was the acting secretary of the treasury, Henry Morgenthau, Jr., under whom the multiple taxes on liquor will be collected and whose recommendations on the subject are being formulated for congressional action.

The state department made ready for quick proclamation of repeal when it hears by teelgram from the Utah convention, as the 36th to act, in mid-afternoon tomorrow.

A presidential proclamation is expected simultaneously to assert the fact of repeal, thereby marking the end—effective January 1—of taxes estimated at $212,000,000 a year. This will reduce the federal gasoline tax a half cent a gallon, making it one cent; and eliminate the taxes on dividends, capital stock and the increased excess profits levy.

Meanwhile, studies looking toward liquor tax increases will be prosecuted the more vigorously to enable congress to make an early decision after it meets in January.

Dr. James M. Doran, meanwhile, resigned as industrial alcohol commissioner to take charge of the distillers' group which will serve as the authority to administer the code by which the industry will be governed.

Large Liquor Imports.

Federal officials were kept busy by the rush for large liquor imports, but there was no sign of wavering from the quota system to hold importations to a reasonable level until congress

Four Killed As Train Crashed In Rock Slide

SPOKANE, Wash., Dec. 5.—(AP)—Four were killed and two injured when a Great Northern freight train crashed into a rock slide at Milan, Wash., 24 miles north of here, last night.

The dead:
W. J. BARRETT, engineer.
WILLIAM KREUGER, fireman.
LEONARD HARGROVE, brakeman.
J. T. TOWHEY, brakeman.

The injured:
E. W. Horsall, conductor,
F. G. Cook, brakeman.

The dead and injured were all of Hillyard, a suburb of Spokane.

The men killed were riding in the cab of the huge locomotive that was pulling a train of 97 cars. With this weigh behind them, the locomotive and tender were derailed and toppled over on their sides, the front end of the locomotive resting in the Little Spokane river.

Bodies of the men killed were extricated with difficulty, it being necessary to pull them out of the cab with ropes.

The train was stopped on a slight curve and a half dozen cars in the middle of the train were derailed and six more directly behind those first to leave the track piled on top of the forward boxcars. There were cars two stories high at this point. The caboose was derailed, but 70 or more cars remained upright on the track.

CHAMPION

Cecilia Swiat with Gift, who arrived at the Union Stock Yards in Chicago Friday for the International Live Stock Exposition. Gift was the champion short horn at the Kansas City, Mo., live stock show.

PRIZE BEEFSTEAKS TO PARADE IN CHICAGO SHOW AND GRAND CHAMPION STEER TO BE NAMED

CHICAGO, Dec. 4.—(AP)—The international Livestock Exposition's annual tournament of beeves from which the year's grand grand champion steer will emerge gets underway today.

The beefsteak competition, in which prize meat animals of American herds parade before Judge Walter Biggar, continues two days. Swine and sheep judging started simultaneously, and first awards for Percheron and Shire draft horses were to be made today.

At the end of the beef judging Biggar, a famous cattle breeder from Dalbeattie, Scotland, will name the hero of the exposition—the grand champion steer. One contender will be "McHenry Blackcap Hope" which won the junior feeding contest for James Padgett, 18, of Kellerville, Ill.

The rye and barley champions of the hay and grain show are Canadians. M. S. Middleton, of Vernon, British Columbia, won with his rye, and Nels Linden, of Weteskiwin, Alberta, showed the best barley.

From North Dakota came the show's winning sweet clover, the exhibitor being E. J. Madson, of Angusville.

Walter Kinch, a member of the University of Nebraska crop judging team, led his team to victory over Oklahoma A. and M. and North Carolina, which placed second and third in that event.

Harry Hege, of West Point, Ind. became the national 4-H Club meet animal champion, winning one of four principal honors in the twelfth annual club congress held in connection with the exposition. Hege, 17, produced 432 superior animals during the past seven years. He won a $300 scholarship to Purdue University and a trip to the international.

Ohio State University's judging team won the intercollegiate livestock judging contest, annexing their second of the three victories necessary to secure permanent possession of the Spoor trophy.

Austin Officer Killed In Crash With Automobile

AUSTIN, Dec. 4.—(AP)—James R. Cummings, 31, member of the Austin motorcycle police squad, was killed early today in a collision with an automobile occupied by two negroes.

This was the second motorcycle officer to die in accidents here within the past few weeks.

A charge of negligent homicide was filed against Albert J. Quinton, 18, Driver of the automobile.

CONGRESS OPENING, LONG FIRST MONDAY DECEMBER, MISSING

NEW AMENDMENT SETS JANUARY AS CONVENING DATE FOR LAWMAKERS

WASHINGTON, Dec. 4.—(AP)—Hustle and bustle in the capitol, marking every first Monday in December since 1788, was silent today from the national legislative halls. The opening of the annual session of congress had been deferred until January 3.

That was due to the new twentieth, or "lame duck," amendment to the constitution.

Lack of activity today was one of the first visible evidences of the amendment's effect. Its provisions call for one unlimited session of congress each year beginning January 3, thereby abolishing the short sessions which had come about each second year, lasting from December until March 4.

In those short sessions, many members defeated for re-election in the previous November sat for three months and voted on important measures. They were the "lame ducks."

Because of the delay in the open-

MASONS IN SESSION IN WACO; ADDRESS BY GRAND HIGH PRIEST

DR. WOOD SAYS MASONRY HAS PASSED THROUGH ECONOMIC CRISIS WELL

WACO, Dec. 4.—(AP)—Dr. E. M. Wood of Anson, grand high priest of the Grand Royal Arc Chapter of Masonry in Texas, asserted in his annual address today that Masonry apparently had "passed the great economic crisis, with the rest of the world, and is on the highway to normalcy."

"Matters of grave import have caused us to stop and reflect," he said. "We have been faced with the most far-reaching and disastrous financial holocaust ever known in the annals of time. There may have been more disastrous condi-

STATUS OF SPIRITS THROUGHOUT NATION FOLLOWING TUESDAY

LIQUOR MAY BE LEGALLY SOLD IN SIXTEEN STATES; LEGISLATURES BUSY

(By The Associated Press)

Spirits, forbidden by the nation for 13 years, may legally be sold tomorrow afternon in at least 16 states.

The legislatures of several other states, dry as the prohibition veil lifts, are at work on bills designed to permit sales.

The legal drinking status of the nation follows:

Alabama—No.

Arizona—Only with meals in restaurants or hotels; in packages from drug, grocery and regular liquor stores, unlimited.

Akansas—No.

California—Only wine and beer with meals; hard liquor in packages for off-premise consumption.

Colorado—Beer and wines in restaurants, hotels and dining cars; hard liquor in packages for off-premise consumption.

Connecticut—Beer in taverns; wine and beer in hotels and restaurants; hard liquor in packages.

Delaware—No bars; hotels, restaurants and clubs may sell for consumption in dining rooms, tea rooms and bed rooms; grocery and delicatessen store to sell in packages for consumption off premises.

Florida—No.

Georgia—No.

Idaho—No.

Illinois is Unrestricted.

Illinois—unrestricted except in Chicago, where local ordinance prohibits perpendicular drinking;

NOTORIOUS OKLAHOMA OUTLAW IS BELIEVED AUTO CRASH VICTIM

TWO WOMEN AND MAN IN FORT SMITH HOSPITAL FOLLOWING ACCIDENT

FORT SMITH, Ark., Dec. 4.—(AP)—Raymond Drake, deputy sheriff from Sallisaw, Okla., said today that a man in a hospital here believed to be Charles Arthur (Pretty Boy) Floyd, was "an exact double" but that he could not identify him as the notorious Oklohoma outlaw and police guards were withdrawn from the hospital.

Local police said they doubted the man, who was injured in an automobile accident late last night and who gave his name as Robert Carney of Fort Smith, was Floyd. Motorcycle Policeman Foster Porter, however, said he was "not satisfied."

Drake, who had known Floyd personally, examined the man thoroughly and said he failed to find any of the scars or identifications connected with "Pretty Boy". A tattoo on the left arm was missing.

Mrs. Ruby Floyd, wife of the hoodlum, and Stella Collins, his niece, were in hospitals suffering from injuries when the car which was driven by Fred Stiles, Fort Smith, hit a bridge near Charleston, Ark., late last night.

Stiles died early today from injuries.

Police identified the two women positively as Mrs. Floyd and Miss Collins, and Mrs. Floyd was reg-

HOUSE WAYS-MEANS COMMITTEE FACING NEW TAX PROBLEMS

MUST DEVISE MEANS OF INCREASING TAX REVENUES FOUR HUNDRED MILLION

By CECIL B. DICKSON
Associated Press Staff Writer.

WASHINGTON, Dec. 4.—(AP)—The big job of revising the tax structure to increase federal income by $400,000,000 annually was tackled today by the House Ways and Means committee.

This congressional unit, which originates all revenue measures, had before it recommendations of a sub-committee which has conducted an exhaustive study of methods by which the income tax may be administered to bring in extra revenue without increasing rates. It will consider, also, the liquor taxes to follow repeal, in joint hearings later with the senate finance committee.

As the full house committee began its study of the sub-committee recommendations, it was informed by Acting Secretary Morgenthau of the Treasury, that the treasury would not have its proposals ready until about December 15.

This will delay, somewhat, for-

(Continued on Page Five)

GULP-AND-PRAY AGE TO END TUESDAY AND SIP-AND-SAVOR ERA TO COME INTO OWN AGAIN

By RAYMOND CROWLEY

NEW YORK, Dec. 4.—(AP)—The cocktail hour tomorrow will find Manhattan's gulp-and-pray age ended and the sip-and-savor era begun—but the big town is not exactly hysterical about it.

Black-hulled steamers bore down on this port today, carrying old Madeiras, rare Burgundies and Satuernes. Across the border in Canada bonded cars crammed with whiskies and liquors awaited word from Utah.

In many a metropolitan warehouse workmen stacked giant trucks high with liquor, ready to dash away with supplies for tomorrow night's fetes in hotels and clubs. One warehouse alone, according to those in the know, holds 200,000 cases of aged-in-the wood American rye, unblended.

New York City, never parched through all the thirsty twenties and thirties, was taking it all in stride, reading the columns of pointers on liquors and wines in the newspapers, and bent on getting the real stuff.

Most prognosticators foresaw for tomorrow night no such scenes as convulsed Broadway on the night of June 30, 1919, when the wartime prohibition act ushered in the dry era.

Then gay dogs, turned mournful, carted John Barlecorn's bier down the avenue, girls danced on tables in the Cafe Des Beaux, flocking their escort's shirt front's with champagne; roisterers fairly swam in Greenwich Village's "third rail" and—at the stroke of midnight—a roistering mob of seamen raided Six Avenue's bars, stuffing their blouses with black bottles.

Tomorrow—in the opinion of that old-time host, Theodore of the Ritz—will be a "jolly but decorous day." Theodore, now manager of the Park Lane restaurants said:

"I had feared on orgy—but from what I can gather, this will be an era of moderation, people will learn to drink in the continental fashion."

Jerome of Sherry's, who can look back on fifty years of opening doors to banquet halls, flicked a speck from his liveried arm and opined that "the young generation will need a deal of training, but in time the bathtub gin influence will die."

"I can remember that heart-rending scene in 1919," he said. "And then the era of bootleggers. Horrid! I've never taken a drink since 1919; wouldn't make myself a criminal. But now I'll have my bottle at home."

In the Park Lane tomorrow night a "round the world bar" will open. Ten dollars who goes to any one who can order a national drink the bartender cannot mix—whether its Cuba's Planter's Punch, Germany's Bowle or Austria's Shorle Morle. At one Harlem resort therell be a drinking test: The patrons will try to guess which are pre and which are post-repeal drinkables.

ENGLISH ENGINEER CLAIMING BE SON OF KING'S BROTHER IS FACING CHARGES BLACKMAIL

LONDON, Dec. 4.—(AP)—A public prosecutor read letters in Bow street police court today in an attempt to prove that Clarence Guy Gordon Haddon, 43-year-old engineer, sought to blackmail King George.

At the end of the hearing, Haddon, who claims to be the illegitimate son of the late Duke of Clarence and hence a nephew of the king, was remanded to jail until Tuesday.

From one letter the prosecutor read:

"It would only have taken a year's income from my late father to have made me the happiest and most contented man in the British empire. It would have meant so little to the royal family.

"The blessings of God would have been on their households for years whereas now I will be a byword to the world and so will the name of the royal family."

The prosecution contended the letters were written by Haddon to the king in an attempt to extort money.

From another letter, dated November 8, the prosecution read:

"Within a few days I am having made sandwich boards giving the particulars of my case. I shall personally carry this board about the streets of London in an attempt to secure justice."

In other epistles were mentioned a letter to the President of the United States and the preparation of petitions to the House of Commons and the League of Nations.

Extracts from the letters claimed that Haddon had been followed by detectives and had been "hounded about like a criminal for no other crime than that of being the son of the late Duke of Clarence."

Another mentioned "my backers" and a promise Haddon made "to get myself into the law courts for the money they have spent on me and are still spending, in return for which I am to come before the eyes of the public."

In opening the proceedings, the prosecutor declared:

"There's absolutely no evidence at all to support his assertion."

FIREARMS BLAZED DEATH TO FOUR OKLAHOMANS SUNDAY AS CLIMAX TO WAVE HOMICIDES

OKLAHOMA CITY, Dec. 4.—(AP)—Shotguns and pistols blazed death to four Oklahomans Sunday, climaxing a wave of homicides and murder probes.

Douglas Gates, Oklahoma City police scout, was fatally wounded in a gun fight with an automobile theft suspect, allegedly Ernest Oglesby, who was arrested a few hours later, with two women and three men. Gates' fellow officer, Webb Campbell, was wounded by flying glass. Oglesby, whose brother, Cole, was killed here about a year ago in a similar affray, was wounded in one arm.

At Fairview, officers were investigating the slaying of L. H. Driscoll, prominent farmer, whose body was found shot in the back, a loaded shotgun lying nearby.

Last of three Indian brothers to meet violent death, Marchie Buck, 23, was shot and killed at Wewoka by his brother-in-law, Willie Johnson, 35, who surrendered and told officers he shot when Buck, drunk, invaded his home and abused him and his wife.

Daid B. Chewey, 21, of Oklahoma City, was killed by the acidental discharge of a shotgun while hunting with his father.

Meanwhile, discovery of bloody clothing of a man and a woman near Blackwell spurred the search for Mr. and Mrs. Harry Pritchard, Wichita couple missing since Nov. 23 and feared slain, and the man last seen with them, Jack Wisdom, young ranch hand. The Pritchard's bloodstained automobile was found near Depew last week.

William R. Taggart, Oklahoma City insurance man, faced arraignment today for the courthouse slaying Friday of Bert Yount, 22, whom he accused of breaking up his home. Taggart's divorced wife, Ara, said after the shooting she believed her former husband was insane.

Three men were held in connection with fatal beatings at country dances. Buck McNeis was arrested near Durant in the death of "Pug" Alexander. Tom Dotson, 40, and his son, Hooley, 17, were held at Sallisaw in the death of Jess Shank, 38, at the latter's home.

Seminale county officers were seeking "Rooster" Robinson, a farmer, in connection with the fatal stabbing of J. C. Duncan, oil field worker.

At Tahlequah, Sam Scott, 30, was held without bond for trial on

(Continued on Page Five)

SCRAPPING LINE STOPS PROGRESS OF HEAVIER FOES

ARRANGEMENTS NOW BEING MADE FOR BI-DISTRICT PLAY-OFF WITH GILMER

MEXIA, Dec. 1.—(Staff Special) — Conceding their opponents the decided weight advantage of more than twenty pounds per man, the scrapping I. O. O. F. Lynx football aggregation clinched the District 17-B title by defeating Dawson High School's entry 25-13 on the neutral field of the Mexia High school before a fair holiday crowd Thursday afternoon.

With the district title now safely in the sack, the Lynx coach and officials were busy Friday on arrangements for the bi-district encounter with Gilmer, but no definite announcement was available early Friday morning. Gilmer won the right to meet the Odd Fellows by nosing out Mineola 6-0 in a Thursday game.

To the scrappy light line of the Odd Fellows must go the greatest portion of the credit for outstanding performance. Although greatly outweighed by the West Navarro county entry, the Lynx linemen stopped the greater portion of the Dawson plays at the line of scrimmage, and for the day halted the mighty driving of Champion, crack ball-lugger for Dawson.

Champion was the mainspring of the Dawson offense and was responsible for all of their 13 points, scoring two touchdowns, and bucking over the extra point made.

Line Is Outstanding.

In addition to the line play, the outstanding luminaries for the day for the Odd fellows were Harbin, running at the quarterback post, and Miller, halfback, who pierced the heavy Dawson line, circled the ends and otherwise dealt their opponents misery during the afternoon.

The Odd Fellows settled down to the business of scoring early in the first quarter, taking the ball on their own 20 yard line after an exchange of punts and driving straight down the field, climaxing the push with a 20-yard pass from Harbin to Henley, an end, for the touchdown. The extra point was not added. The remainder of the period saw the teams battling on fairly even terms.

The Dawson club made its first touchdown in the second period. After holding the heavy Dawson backs for downs on their goal line the Odd Fellows were forced to punt from behind their own goal line. The punt was poor and went out of bounds on the Odd Fellows 13 yard line.

Dawson Evens Score.

A sweeping end run, put the ball in scoring position, and Champion finally pushed the ball over on about the third try at the line, to tie the score. The extra point was not added.

Refreshed by the half intermission, the Odd Fellows started out in the third period to put the game on ice, scoring their second touchdown on a long pass from Harbin to Edminson. Lynx end, that was good for more than 25 yards. The extra point was added, making the count, Odd Fellows 13, Dawson 6.

Again taking the ball on their own 20-yard line, the Lynxes made another sustained drive down the field for a score without any interruptions, Harbin breaking over for the tally on a 15-yard run.

Early in the fourth quarter, Miller, Odd Fellows halfback, crashed the Dawson line on a spin play, reversed his field and raced 25 yards for the final marker for his club. Coach Boyd Payne began to send his regulars by sending in his full reserves, and with about a minute and a half left to play before the end of the game, Champion bucked over a touchdown for Dawson, and also bucked across the line for the extra point.

First downs for the game were Fellows 13, and Dawson 6; the Odd Fellows were credited with about twice as much yardage in scrimmage plays as their opponents.

Score by periods:

Dawson	0	6	0	7	13
Odd Fellows	6	0	13	6	25

GROESBECK WRITER PLACED FOUR LADS ON ALL-DISTRICT

TEAGUE, Dec. 2.—(Spl.)—Five State Home Players, two from Teague, three from Mexia, and one from Ennis comprise the all-district team selected by the Groesbeck Journal for district 17-B. The Groesbeck Goats played every team in the district, the absence of Lewis Paradeaux being sorely handicapped by green material and lack of reserve strength. Following is the eleven selected by Reece, sports writer for the paper.

First Team.

Mexia, left, end.
State Home, left tackle.
State Home, left guard.
Teague, center.
State Home, right guard.
Mexia, right tackle.
Ennis, right end.
Mexia, quarterback.
State Home, halfback.
Teague, halfback.
State Home, fullback.

Second Team.

Teague, left end.
Teague, left guard.
Groesbeck, center.
Teague, right guard.
Groesbeck, right tackle.
Groesbeck, right end.
Groesbeck, quarterb'ck.
Teague, halfback.
Ennis, halfback.
Teague, fullback.

Honorable Mention.

Teague; Thomas, Arterburn, Itasca; DeBrock, Groesbeck; State Home.
Wilkin, Mexia; Horchak, Martin, State Home; Stewart, Groesbeck.

Use Ads Bring Results.

SPORT NOTES

By PAUL MOORE —:— Sun Sports Editor

It is coincident and not a prediction—but do you recall that Corsicana won the district championship last year, the state championship later, by a score of 6-0 over Cleburne, in the final and deciding game?

Johnny Pierce and Jimmie Gardner, Tiger mentors, deserve a big hand and the congratulations of every grid fan in the country. They have really delivered the goods, no fooling. Talk about not being about the best coaches in the country, the writer contends they are plenty good. With their championship team of 1932 wrecked and scattered—if losing 32 of the 33 men on the traveling squad is wrecking a team—without the aid of another assistant—there were three coaches here last year—and with only one substitut back, have fashioned Corsicana's fourth district championship in a row. That's something, and as a climax, defeated Waco, coached by the famous Paul L. Tyson, two times in the season, including a 19-13 win over Cleburne and a 6-0 win over Waco in three days.

Had someone thought such a procedure was possible of accomplishment, the writer along with thousands of others would have figured they were crazy or drunk, but it happened anyway.

Of course, many things have entered into the hectic season—the removal of that great Temple team—the class of Central Texas—eleven through ineligibility—gave the Bengals a chance.

Johnny Garitty, former all-Southwest end at Texas A. and M. College, local Magnolia agent, one of the finest sportsmen in Texas, and for years a prominent grid official, called the writer after the game, and declared that the Humphries run for that touchdown was one of the greatest pieces of broken-field running he had ever witnessed.

"I don't remember of ever seeing anyone who could run in such a manner in a broken field, waiting for his interference, dodging, calculating and measuring his distances except the great Joel Hunt, all-Southwestern man at A. and M. a few years ago, one of the greatest backfield stars ever produced in the South," Garitty declared.

Garitty has been in a dangerous condition for several weeks following a root injury sustained while leaving the field after the Corsicana-Temple game. He stepped on a stick and a slight wound resulted, with infection developing. Corsicana fandom are glad Johnny is able to be out again.

Many scouts were in the stands, Henry Frnka, Greenville coach, whose team has won another district flag (Greenville was eliminated by Corsicana in the quarter-finals last year on the penetration rule after a mud battle and scoreless tie) was in Corsicana and looked over the game. Brackenridge scouts were probably in the stands, too. Wallace Davis of Dallas Tech was on hand.

The Waco team, however, did not tackle as viciously or charge as hard as the inspired and fighting Cleburne Jackets did at Cleburne Thanksgiving Day.

Another tough week of doping winners was recorded last week when in 17 selections, 12 wins, four losses and a tie resulted. No prediction was made on the Waco - Corsicana championship game. Following are the correct scores, followed by the guesses:

Texas Aggies 7-0, Texas 10 (tie), Texas Aggies 7-0. Baylor 7, Rice 6; Baylor 13-6. T. C. U. 26, S. M. U. 6; T. C. U. 13-0, Corsicana 19, Cleburne 13; Corsicana 13-7. Brackenridge (San Antonio) 17, Thomas Jefferson 7; Brackenridge 7-0. Abilene 20, Cisco 0; Abilene 13-0. San Angelo 12, Sweetwater 0; Sweetwater 19-0. Wichita Falls 38, Electra 0; Wichita Falls 13-6. Highland Park 19, Sherman 0; Highland Park 13-0. Central 20, North Side (Fort Worth) 6;; Central 19-0. Greenville 38, Marshall 0; Greenville 27-0. Tyler 24, Nacogdoches 0; Tyler 19-0. San Jacinto (Houston) 19, Jeff Davis (Houston) 7; San Jacinto 13-0. Port Arthur 18, Beaumont; 0; Port Arthur 10-7. Brownsville 12, Harlingen 6; Harlingen 7-0. I. O. O. F. Home 25, Dawson 13; Dawson 13-7. Mart 7, Marlin 0; Marlin 13-0.

Ted L. Jeffries, formerly assistant coach at Corsicana high school and later coach at Cisco, now head coach at Wichita Falls, his his team out of the distrit in the bi-district competition this year. H. D. Fillers, formerly superintendent here, is superintendent at Wichita Falls.

Francis Schmidt, head Texas Christian coach, is expected to become the head coach at the University of Missouri. It is understood Schmidt will not remain at the Fort Worth institution.

All selections are not in for the all-district 11 team but it looks like Langston and Ashworth have made the composite pick.

CORSICANA Y ACES DEFEATED VISITING DALLAS CAGE TEAM

The 1933 model of the Corsicana Y. M. C. A. Aces had a big premier Saturday night on their home court, when they amassed a 22-6 lead in the first half to defeat the heretofore undefeated Calvary Baptist church five, of Dallas 28-20, before a small crowd. The Corsicana team was hotter than a house a-fire in the first two periods, while the visiting team showed practically nothing in the way of offensive punch. Corsicana scored 11 points to the Dallas' team's one in the first period.

However, soon after the third period opened, Seaman and Smith of the visitors, got right, and threw a scare into the Aces. Corsicana scored only one point during that period, while Dallas pushed up their earnings to 13 points. Grigsby got back into the game for the Baptists, in the closing stanza, and scored five points in addition to Lowry's two good free shots, to give the visiting team a creditable showing before the game ended.

Corsicana also came back in the fourth quarter and made four points, to push up their total to 28 tallies, as the game ended.

McClanahan was a wild scoring threat in the first half, and made 15 points, but was held to one free toss in the last half. This, however, enabled him to be high-pointer of the evening, with 7 field goals, and two free throws for 16 points. Seaman was second, with seven tallies, and was followed by his own team mate, Grigsby, who made six.

This was the first game Calvary Baptist had lost this season, having won eight others in Dallas, and other nearby Texas towns.

Following is the box score of the game:

Calvary Baptist	fg	ft	pf	tp
Grigsby	2	2	2	6
Seaman	3	1	3	7
Malone	0	0	0	0
Smith	2	0	2	4
Welch	0	0	1	0
Morton	0	0	3	0
Hunter	0	1	1	1
Turner	0	0	0	0
Lowry	0	2	0	2
Rutledge	0	0	0	0
Totals	7	6	13	20
Y Aces—				
McClanahan	7	2	1	16
C. Hobbs	1	2	2	4
Nolen	2	1	1	5
R. Hobbs	1	1	0	3
Dresser	0	0	1	0
Tyner	0	0	4	0
Gowan	0	0	0	0
Totals	11	6	9	28

Referee, Tyner; Timer, Dunn; Umpire, Seay; Scorer Haslam and Folmar.

Racing Planned For Sunday Near Mabank

Jim Williams of Athens, formerly wrestling promoter in Corsicana announced there will be attractive horse racing at the Tri-County Downs tracks between Mabank and Canton, Sunday, Dec. 10, with entries from Kaufman, Mabank, Corsicana, Canton and other places.

Teague Will Install Lights Next Season; Lions Fine Showing

TEAGUE, Dec. 2.—(Spl.)—As a reward for the fine spirit and great record made by the Teague Lions this fall, interested fans have made a drive for lights for the gridiron next year, and it is a certainty that the Lions of Coach Bryan Schley will perform under the arcs in 1934.

With four regulars back from the 1932 eleven, Coach Schley was forced to rebuild considerably in fashioning a club for 1933. He took two reserve backs of 1932 and made them two of the best in the district, Tyrus Petty and Astol Lancaster. He took two squadmen who had never managed to break into a game and made them two of the best linemen in the district, Tom Long and J. A. Jarrott, the figst named of whom being probably the outstanding tackle. He took two reserve backs of 1932 and made a stellar end of one, and a fine guard of the other, Murff Oglethorpe and Wick Bonner. Coach Schley then molded his four regulars from 1932, W. C. Wilson, captain Pete Davidson, Earle Smith, and Howard Perry, with these six shifters, plus a first year man, Howard Horton, and brought forth a fighting ball club. The eleven named above were the backbone of the team, playing all of the Groesbeck game, except one substitution in the final three minutes of the game. The following record was compiled by the former Trinity University star from a squad that never numbered over 19 players, and of the 19 only 14 saw much service.

Teague 19, Ferris 0.
Teague 12, Waxahachie 0.
Teague 12, Mart 7.
Teague 18, I. O. O. F. 0.
Teague 29, Wilmer-Hutchins 12.
Teague 12, Groesbeck 0.
Teague 1, Madisonville 0 (forfeit).
Teague 6, Mexia 14.
Teague 20, Itasca 0.
Total: Teague 129, opponents 33.

Mrs. Bob Montgomery Is Severely Injured In Palestine Accident

Mrs. Robert Montgomery, sister of Mrs. Homer B. Jester, was reported in a serious condition in a Palestine hospital as a result of an automobile accident Friday. The injured woman was reported riding with her husband and son on a highway near their home in Palestine when Mr. Montgomery was forced to pull off the pavement to prevent a collision, the car overturning.

Mrs. Montgomery was reported to have suffered some fractured ribs, a severely injured back and other injuries.

No Special Train Be Operated Friday For San Antonio Game

No special train will be operated from Corsicana to San Antonio Friday for the bi-district tilt between the Corsicana Tigers and Brackenridge Eagles.

This announcement was made shortly before noon by W. H. Norwood, superintendent of the city schools, follwing a discussin with railroad officials. He stated that under new rules of the railroad code, a round-trip rate of $5.40 was the best which could be procured, and that the school authorities could not sponsor a train on that basis.

TIGERS TO INVADE SAN ANTONIO FIELD FRIDAY AFTERNOON

ODD FELLOWS PLAY AT GILMER; STATE HOME VS. MART UNDECIDED

Corsicana, "home of district champions," will see her three high schools battle in bi-district competition in the interscholastic league on foreign soils this week-end, it was indicated Monday morning.

Corsicana high Tigers, defending state champions and district 11 title-holders by virtue of the 6-0 victory over the Waco Tigers here Saturday afternoon, will meet the Brackenridge Eagles on Eagle field, San Antonio, Friday afternoon at 3 o'clock.

I.O.O.F. Home Lynx band of little courageous gridsters, will tackle the strong Gilmer team for the titles in districts 17 and 18-B at Gilmer Friday afternoon, officials of the Odd Fellows Home announced Monday morning.

State Home and Mart officials will confer at Mexia Monday afternoon relative to the championship struggle for the honors in districts 15 and 16-B. It is likely that State Home will contend for thep laying of the game on a neutral gridiron, preferably at Mexia.

The three teams resumed training early this week. The State Home crew has been idle for several weeks following their victory over Mexia that cinched the district flag. The Lads should be in the pink of condition, if staleness does not develop.

Tigers Get Ready.

Battered and bruised from their terrific punishment suffered at the hands of the Cleburne Jackets and Waco Tigers last week-end, but game and ready for bi-district fights in an effort to repeat as state champions, the Corsicana Bengals will likely be given light workouts Monday with hard sessions Tuesday and Wednesday. The team is in good spirits and in good physical shape considering the fact that they played two of the hardest Central Texas elovens in three days. Paul Harshaw, guard, received an injured shoulder but is expected to be in the best of shape for Friday's melee. Otho Langston, all-district end, who bore plenty of punishment last week, is suffering severe bruises, etc., but will be ready for the San Antonio tussle.

The Tigers deserve plenty of praise for their gritty performance against Waco following the gruelling experience with Cleburne.

Odd Fellows Come Through.

The Odd Fellows, like the Corsicana Tigers, met another aggregation which outweighed them plenty, but came through in fine fashion to defeat the Dawson Bulldogs, 25-13, for the district 17-B title at Mexia.

State Home, one of the strongest class B teams ever developed in this section, will be the favorite to cop the honors over Mart regardless of where the game is staged.

The football season in the Southwest was concluded last week-end for the elimination play in the Interscholastic league between the district winners. There are sixteen class A winners who will fight it out for the state championship during the remainder of the month while the 20-odd B district winners will play through bi-district and regional games.

The bi-district between Corsicana and Brackenridge goes to San Antonio as Brackenridge came here last year in bi-district.

OLD EAST SIDE SCHOOL BUILDING MADE INTO MISSION

FIRST PRESBYTERIAN PURCHASES STRUCTURE FOR MEXICAN MISSION

The old east side school building has been purchased by the First Presbyterian church of this city, and has been completely remodeled into a Mexican Mission and community house, it was announced today by Mrs. L. C. Polk. Rev. Adame will have charge of the direction of activities, and he and his family will occupy quarters on the first floor of the building.

An open house program will be held Thursday night from 7 until 9 and everyone in Corsicana is cordially invited to inspect the completely remodeled building. A free will offering will be taken to help defray some of the expenses of the work.

A Mexican mission has been conducted by members of the First Presbyterian church here for the past 10 years, but this will combine both missionary and community work among the Mexicans.

Mrs. Polk reported that a number of Corsicana people interested in music, gave them a piano, and Miss Mona Anderson will conduct music classes twice a week. Mrs. A. W. Rogers, it was reported, will organize a Camp Fire group, among the girls, and it is hoped in the near future to organize a Boy Scouts group.

WORKMEN RECEIVE $4500 IN CHECKS HERE ON SATURDAY

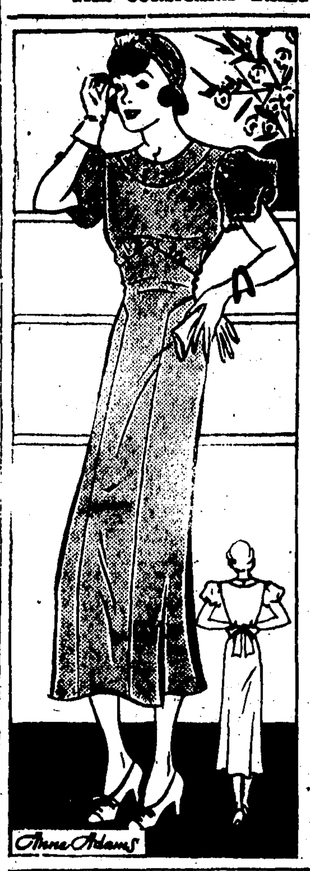

Approximately 500 workmen received checks amounting to more than $4,500 when the regular Saturday payroll was met last week, officials of the Navarro county board of welfare and relief reported Monday, bringing the total receipts to more than $10,000 for the past two weeks from the Civil Works administration projects in this county.

The officials also reported that during the past two weeks calls for direct relief or places on the relief rolls had shown a decided seasonal increase, but declared that only a portion of them had been given assistance and none was given until an actual survey had been made of the needs of the families. They attributed many of the applications to the fact that citizens desired work on the CWA projects and knew that they would not be eligible for work unless they were on the relief rolls.

Projects in the nature of street improvements have been approved for Kerens and Dawson and work is expected to start as soon as the requirements are satisfied. Several other projects are expected to be approved during the week providing for more workers in the rural section. Local officials said that local labor would be used on the two approved projects and that in Kerens sufficient residents had registered to care for that project and a similar condition existed at Dawson.

MAKE THIS MODEL AT HOME

THE CORSICANA DAILY SUN DAILY PATTERN

FOR THAT IMPORTANT OCCASION

Pattern 1579

by Anne Adams

Envy fades right out of the picture when you make your own clothes. You can have the very things you've always longed for—sleek lines, up-to-the-minute details and beautiful fabrics—and the total cost will be yell below your guess. Popular young girls need a frock such as the one sketched today—for parties, bridge matinee, etc.—and it's a delightfully simple model to make. Its clever seaming gives that desired tall, slender look, the sash ties gracefully in back, sleeves are adorable, and, if you like fussier things, lace might be used to fashion the youthful yoke at the neckline.

Pattern 1579 is available in sizes 12, 14, 16, 18 and 20. Size 16 takes 3 5-8 yards 39 inch fabric. Illustrated step-by-step sewing instructions included.

Send Fifteen Cents (15c) in coins or stamps (coins preferred) for this Anne Adams pattern. Write plainly name, address and style number. Be sure to state size.

The Current Edition of The Anne Adams Pattern Book will help you save money. Order your copy today! Price of Catalog fifteen cents. Catalog and Pattern together, twenty-five cents.

Address orders to the Corsicana Sun Pattern Department, 243 W. 17th Street, New York City.

JUDGE REBUKED DEFENSE COUNSEL IN NEGROES CASE

JURY SENT FROM ROOM WHILE JUDGE CALLAHAN MAKES STATEMENTS

DECATUR, Ala., Dec. 4.—(AP)—The state rested its case against Clarence Norris, second of the seven negro defendants in the Scottsboro case to be retried on a charge of attacking Mrs. Victoria Price, today.

Except for a moment when the jury was removed while Judge W. W. Callahan took exceptions to the action of Samuel S. Leibowitz, chief of counsel for the defense, the trial moved rapidly.

After the state rested the defense called Dr. R. R. Bridges of Scottsboro as the first witness.

Under examination by Leibowitz, Dr. Bridges said he examined Mrs. Price the afternoon of March 25, 1931, and found only minor scratches on a wrist and forearm. Mrs. Price Saturday said she had wounds on her face whom which she bled "a little."

DECATUR, Ala., Dec. 4.—(AP)—Judge W. W. Callahan, presiding in the trial of Clarence Norris, one of seven negro defendants in the "Scottsboro Case" today sent the jury from the room while he rebuked Samuel S. Liebowitz, the negro's chief of counsel for his remarks to a witness.

Leibowitz was cross examining Orvel Gilley of Albertville, Ala., regarding Gilley's trip to Montgomery to see Attorney General Thomas E. Knight, Jr., who is now directing the prosecution. Gilley previously testified that he witnessed the attack of Mrs. Victoria Price for which Norris is on trial.

"I saw Mr. Knight," Gilley replied.

"Are you trying to get smart with me," Leibowitz retorted, and walking to counsel table threw a pencil on it.

Judge Callahan ordered the jury removed from the room, and then said:

"I am trying to give the State and the defendant a fair trial in the case, and I am going to do it if I can. I will do it, if I get proper assistance from everyone connected with this trial.

"I have tried to be respectful despite the fact that at times counsel for the defense has tried to nag me into saying something disrespectful. At times counsel has not been respectful, slamming his pencil down on the desk and other actions after some of my decisions."

The judge then said he wanted such actions stopped, and ordered the jury returned.

Personal

E. E. Nettles of Kerens was in Corsicana Monday.

Tom Mann of Bazette was in Corsicana Monday.

Jim Farris was in Corsicana Monday from Rural Shade.

George DeMoss of Roane was in Corsicana Monday.

Corporation Court.

One charge of vagrancy, one of associating with a prostitute, one of intoxication and vagrancy, four of parking too near fireplugs, three of intoxication and disturbing the peace, two of intoxication, and one of affray on the docket of the Corporation curt brought offenders before Judge H. S. Melear Monday morning.

Five were arrested Friday afternoon and Saturday morning by Constable W. B. Grantham and Deputy Constable Jake Nutt on charges of drunkeness.

Justice Court.

Both justices of the peace were out of town Saturday and no justice court was available. Anyone falling into the toils of the law during the week end faces the prospect of remaining in the county jail unless they are able to make bail.

Judge Sam B. Jordan is reported spending the week end with relatives in Texas City.

Judge M. Bryant was reported to have gone to Houston Saturday morning.

Malakoff Winner of C Title vs. Trinidad

MALAKOFF, Dec. 4.—(Spl.)—Malakoff high school Tigers defeated the Trinidad Black Cats today at Athens for the championship of District 2, Class C football by the score of 8-6. The two teams had previously met in a tie game 6-6 at Trinidad.

Early in the second quarter, Derden for Malakoff rushed in to block a punt for Trinidad, which Honey immediately covered for a safety. The two teams played evenly until the latter port of the third quarter, when Trinidad blocked Patton's punt and followed with a series of line plunges with Poindexter carrying the ball over standing up for Trinided's lone marker.

During the latter part of the fourth quarter, Malakoff drove to the Trinidad one-yard line with the aid of an off-side penalty, from where Johns plunged over for the final score of the game. Neither team was able to add the extra point after touchdown.

For Trinidad the backfield play of Poindexter and Griffin was outstanding, while Wright played an excellent game at center for Trinidad. Johns and Shirley were the outstanding performers of the Malakoff backfield. Derden was the spark-plug of the Malakoff offense and defense. V. Patton at right guard, played well for Malakoff.

The game marked the last of the season for both teams since there is no regional championship game in Class C.

Lindberghs Unable Get Big Monoplane In Air; Try Again

BATHURST, Gambia, Dec. 4.—(AP)—Col. Charles A. Lindbergh indicated early this afternoon that he intended to take off before night presumably on a trans-Atlantic flight to South America.

Mrs. Lindbergh assisted her husband as the flying colonel spent the morning overhauling their big monoplane following their failure to leave the water last night.

LISTS CLOSED FOR BASKETBALL TOURNEY AT Y THIS WEEK-END

SIXTEEN TEAMS HAVE FORMALLY ENTERED ANNUAL CAGE TOURNAMENT

With sixteen Navarro county teams having paid their entrance fee and had their lists of players certified, the gates for this year's Y. M. C. A., Invitation Basketball tournament were closed Monday morning, it was announced today by Dick Jones, physical director. Games will begin at 10 o'clock Friday morning, and the entire first round will be completed that day, and the second round, semi-final, consolation and final games will be tapped off Saturday morning, afternoon and night.

According to tentative plans, the consolation game will be at 7 o'clock and the final game at 8 o'clock Saturday night.

Teams having submitted their players' names and dollars include Rural Shade, Purdon, Pickett, Emhouse, Union High, McCord, Pursley, Navarro, Bazette, Richland, Roane, Corbet, Bryan, Mt. Neo, Currie and Bradley.

Drawings for places in the perfect 16-team bracket will take place at 8:30 Friday morning, the day the tournament begins, and the first game, according to present plans, will start at 10 o'clock.

Interest in the annual Y-Invitation tournament is nearly always as spirited as that in the county tournament, as it gives the teams that will ultimately meet for the county B title, their first opportunity to meet their opponents for the first time in organized competition. It also gives each team a chance to find faults in their offensive and defensive strategy, and to iron out the rough spots in addition to scouting their opponents.

Not only do teams, coaches and players take a keen interest in the tournament, but the fans from all communities represented turn out en masse for the event, and usually make the Y. M. C. A. gymnasium their headquarters during the two day session. The tournament engenders a friendlier spirit between the fans and teams of the various entrants, and also among Corsicana citizens and the participants.

AGED CORSICANA WOMAN WAS BURIED MONDAY MORNING

Funeral services for Mrs. Fannie A. Brown, aged 90 years, pioneer of Georgia, but resident of Corsicana for the past 13 years, who died Sunday morning at 7:30 o'clock after a short illness, were held from the residence of her daughter, Mrs. N. L. Benson, 644 West Fourth avenue, Monday morning at 10 o'clok with burial in Oakwood cemetery. The rites were conducted by Rev. E. T. Miller, pastor of the First Baptist church. Mrs. Brown had made her home with her daughter here since residing in Corsicana.

Surviving are two daughters, Mrs. Benson, Corsicana, and Mrs. Claude Kennedy, Muskogee, Okla.; 16 grandchildren and a number of great-grandchildren.

Pallbearers were C. C. Roberts, Henry Robbins, George Whytte, W. M. Taylor, Pierce Colquitt, and M. J. McClure.

The funeral was directed by the Corley Funeral Home.

Negro Sentenced 198 Years Charge Murdering Two

FORT WORTH, Dec. 4.—(AP)—Frederick Simmons, 23, negro, pleaded guilty today to the murder of A. S. "Pete" Michael, 33, and his companion, Miss Geneva Cantrell, 19, and was sentenced to 99 years for each killing.

The penalty was agreed upon at a conference between attorneys for the negro and the state.

Michael and the girl were found shot to death near where their car was parked on a lonely section last July 23. The girl had been attacked.

Simmons confessed to the murders but repudiated the confession at his first trial six weeks ago, charging he had been subjected to "third degree" methods by police investigators. In that trial the jury stood 11 for the death penalty and 1 for acquittal.

No Code Planned For Santa Claus Says Johnson

COLUMBIA, S. C., Dec. 4—(AP)—Gen. Hugh S. Johnson assured Columbians today that Santa Claus would meet no restrictions this Christmas "because of codes."

In telegraphic response to a chamber of commerce inquiry, the national relief administration said: "Ask Santa Claus to assure all good children of the United States (and all bad children too), that the activities of the dear old Christmas saint are subject to no limitations this year because of codes.

Relieves Women's Pains

Here is an example of how Cardui has helped thousands of women:

"I was very thin and pale," writes Mrs. F. H. Scott, of Roanoke, Va. "I suffered from weakness and a severe pain in my back. This pain unnerved me, and I did not feel like doing my work. I did not care to go places, and felt worn, tired, day after day.

"My mother had taken Cardui, and on seeing my condition she advised me to try it. I have never regretted doing so. I took three bottles and it built me up. I gained in weight, my color was better and the pain left my back. I am stronger than I had been in some time."

Cardui is sold by local druggists.

Dawes Bank Has Repaid Nearly Third Of Loan

WASHINGTON, Dec. 4.—(AP)—Responding to an inquiry of the senate banking committee, the Reconstruction Corporation has notified Chairman Fletcher that collections of $30,126,362 have been made on the corporation's $90,000,000 loan to the Central Republic Bank and Trust company of Chicago, headed by Former Vice President Charles G. Dawes.

In a letter to the committee, after it had asked for an item list of collateral, Chairman J. of the corporation said $62,596.85 of the loan remains unpaid and that the collections thus far, include $2,283,958.95 in interest.

The committee was informed that it will take some time to make up a list of the collateral as there are over 7,000 items now held in the Federal Reserve bank at Chicago as security for the loan.

Officials of the Reconstruction corporation refused to comment on the loan. Chairman Jones, when asked about the possibility of collection, would say only that the corporation never discusses individual loans.

Gold Buying of Government At Same Price

By WILLIAM L. BEALE
(Associated Press Staff Writer).

WASHINGTON, Dec. 4.—(AP)—Government gold buying entered the sixth full week today with its peak price of $34.01 an ounce maintained for the third successive day as the dollar showed new strength on foreign exchanges.

Today's quotation for RFC purchases was announced shortly after Acting Secretary Mongenthau returned to his office from a Thanksgiving holiday and a little before President Roosevelt was due at his White House desk.

Last week the RFC offer for newly mined domestic gold was boosted 25 cents. During this time the dollar showed unusual strength abroad, a trend that continued today.

It opened in London at $5.19 1-2 to the pound. At this level bar gold was bringing $32.38 an ounce. From its opening, however, the dollar strengthened rapidly to $5.14.

Before the day is out, Morgenthau promised to announce last week's treasury purchases of government bonds, a policy begun when the federal reserve system halted open market buying. In the preceding week, treasury bond purchases amounted to $8,748,000.

Woman Charged Operating Table Murder Is Ill

CHICAGO, Dec. 4.—(AP)— Dr. Alice L. Wynekoop was too ill in the county jail today to appear before the bar in criminal court for arraignment on her indictment for the muder of Rheta, her daughter-in-law.

In a hearing that lasted no more than a minute, Chief Justice Philip L. Sullivan assigned the trial to Judge Joseph B. David.

Judge Sullivan, who retires from the circuit bench today to become a federal district judge, announced as court opened that Warden David Moneypenny had informed him the elderly woman prisoner was not strong enough to be brought into court. There was no plea entered in her behalf and no date set for the trial.

Since her incarceration nine days ago Dr. Alice has been prostrated by exhaustion, a severe bronchial cough and a periously high blood pressure.

Bids Ordered.

AUSTIN, Dec. 4—(AP)—The highway commission today advertised for bids on $670,000 worth of NRA emergency construction, proposals to be considered on Dec. 18. The commission had previously asked bids for work estimated to cost $754,000, to be received on next Monday.

Two Negroes Arrested

City officers transferred a negro to the county jail on theft charges, and another on a vagrancy charge following arrests made over the week-end.

"What we are trying to do is to enlist the entire American nation under a code of 'peace on earth, good will to men,' under which Santa Claus has been operating for close upon 2,000 years."

R. B. MELLON DIES PITTSBURGH FRIDAY; MULTI-MILLIONAIRE

PRESIDENT MELLON NATIONAL BANK AND OFFICER IN MANY LARGE CONCERNS

PITTSBURGH, Dec. 1.—(AP)—R. B. Mellon, president of the Mellon National Bank and brother of Andrew Mellon, died today at the age of 75.

The multi-millionaire banker and philanthropist had been in failing health for a month and last Wednesday his condition took a turn for the worse. Death occurred at home at 5:19 a. m.

At his bedside were the wife, Mrs. Jennie King Mellon; a son, Richard K. Mellon, and a daughter, Mrs. Sarah Cordelia Scaife.

Richard Beatty Mellon, younger brother of the former secretary of the treasury, helped to built the vast Mellon business empire centering around Pittsburgh and though always quiet and assuming was prominent in philanthropic circles.

His last appearance in the public notice was just three weeks ago, when he asked the federal government to re-examine his income tax report for 1930. A payment of $18,951 was in dispute. The petition disclosed that the banker had an income of $3,598,931 for the year in question.

In addition to the huge Mellon bank, the banker also was president or director of more than a score of enterprises.

He assumed many of the business responsibilities of his older brother after Andrew was named to the treasury post by the late President Harding, and under his direction the vast interests of the brothers continued to expand.

Though his pet interest was his bank, Mellon also was greatly interested in the new East Liberty Presbyterian church now under construction—an edifice which was his gift to the congregation with which he worshipped.

Burial Sunday Private.

The site of the church is the birthplace of Sarah Jane Negley, his mother, and where in 1819 his grandmother, Mrs. Barbara Negley, erected the first East Liberty Presbyterian—a small wooden structure.

Funeral services will be held at the banker's home, 6500 Fifth avenue, Pittsburgh, at 3 p. m. Sunday. The burial will be private.

Richard Beatty Mellon was a member of the noted family of business men and financiers whose activities were known in all parts of the world. Like his brother, Andrew W. Mellon, secretary of the treasury under Presidents Harding and Coolidge, he was a banker, but his interests reached out in many directions, taking in business, civic, railroad, educational, humanitarian and other projects.

Throughout his active life, Richard Mellon held to his father's theory of banking—extension of financial aid to industrial, mining and commercial projects. Of a quiet, reserved manner, he never sought public position, but Pittsburgh as a whole knew of the burdens he shouldered and credited him with responsibility for the prosperity of many of the industrial and mining projects of the district.

Born in Pittsburgh on March 19, 1858, Mr. Mellon's interests centered in that city for the most part.

When his brother Andrew became secretary of the treasury, Richard took over active control of the Mellon interests. He was president of the Mellon National bank, was identified with other financial institutions of Pittsburgh, and was a director of the Guaranty Trust company of New York and of the Federal Reserve bank of Cleveland.

He was closely identified as an executive with many of America's foremost industries, including the Aluminum Company of America, the Standard Steel Car company, the Pittsburgh Plate Glass company, the Westinghouse Electric and Manufacturing company, the Gulf Oil corporation and the Pittsburgh Coal company.

Mr. Mellon was a member of the leading clubs of Pittsburgh, New York and Washington, and he maintained homes in Pittsburgh Watch Hill, R. I.

In 1897 he married Miss Jennie King. They had two children, Richard King Mellon and Sarah Cordelia Mellon.

Additional Lights Fairfield Business District Placed

FAIRFIELD, Dec. 2.—(Spl.)—The Texas Utilities company is installing lights in the alleys in the rear of the business houses of Fairfield this week. One light in each alley on the east and west sides and two lights on the south side are being installed. Members of the Civic and Business club sponsored the work for the better protection of the business district.

Daniel Oil and Royalty Co. spudded in the test well on the Tolbert Young tract, ten miles northwest of Fairfield Wednesday. Although the Humble-Deitz well turned into salt water Saturday coring is being continued, and if necessary, the well will be sunk two or three hundred feet deeper.

The civics class of the Streetman school, twenty-eight bright youngsters, from the 10th and 11th grades, visited Fairfield Tuesday headed by Superintendent J. Rice. After visiting the court house, the party spent some time visiting points of interest in the business district.

Aged Ennis Woman Dies After Heart Attack in Corsicana

Mrs. Amanda Pinson, aged 84 years, wife of the late W. H. Pinson, Confederate veteran, and a pioneer of Ennis, died here Friday with a sudden heart attack while visiting her son, Franklin Pinson.

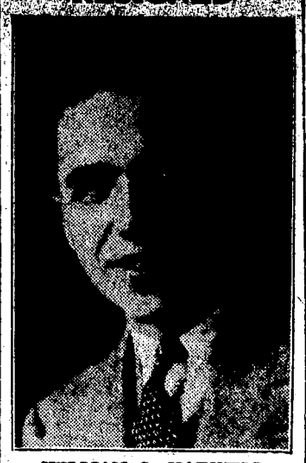

Mrs. Pinson was a native of Mississippi, but had resided at Ennis for 40 years.

Surviving are three daughters and five sons.

The body was taken to Ennis for burial.

FORTY-SEVEN different games

RESIGNED

WILLIAM O. HARWELL

Secretary-manager of Corsicana Chamber of Commerce during the past four and one-half years is leaving Corsicana to take a similar position with Palestine Chamber of Commerce on January 1.

LOFTIN ELECTED PRESIDENT TEXAS STATE TEACHERS

WORKING OUT THE DEPRESSION IN EDUCATION SUBJECT FINAL SESSIONS

AUSTIN, Dec. 2.—(AP)—J. O. Loftin of San Antonio today was elected president of the Texas State Teachers' Association over Mrs. Roy C. Owens of Tyler.

Ballots were cast and counted yesterday and last night, but the official announcement and induction were withheld until today.

William B. Gallagan of Laredo, chairman of the election committee, announced the vote as 1931 for Loftin and 1159 for Mrs. Owens.

Other winners reported were B. L. Griffith, Victoria, first vice president; R. B. Fisher of Pampa, second vice president, and Floyd G. Betts of Wharton, third vice president.

The association had a big problem before it as it entered its final sessions. Speakers were on the program to discuss the theme, "Working Out of the Depression in Education."

The closing programs included addresses on "Capitalizing Initiative and Professional Leadership of Class Room Teachers in the Present Situation," by Miss Lela Williams of the Dallas public schools; "The Depression at the Primary School's Opportunity," by Miss Nellie Griffiths of Denton; "Depression and Current Trends in the Schools of the Smaller Towns," by F. W. Smith, superintendent of the Whitewright public schools; "Necessary Steps in the Rehabilitation of Education," by Dr. T. D. Brooks, dean at Texas Agricultural and Mechanical College; "Education and the New Social Philosophy," by Mrs. Chase Going Woodhouse, state college for women at Greensboro, N. C.; "The New Democracy Under the Recovery Program," Frederick C. Howe, consumers' counsel of the agricultural adjustment administration, in Washington, D. C., and Maury Hughes of Dallas, chairman of the state Democratic executive committee.

AUSTIN, Dec. 2.—(AP)—Maury Hughes of Dallas, chairman of the state Democratic executive committee, told the convention of the Texas State Teachers' Association today that too many teachers are on the relief rolls.

"It is tragic to note that one thousand or more school teachers are at present on the relief rolls of the state," said Hughes as he described the distressful condition which exists in the financial conditon of the school system. He said the first duty of the government was to the shools and school children.

"If we cannot get enough money for our schools from ad valorem taxes, I am in favor of getting it from some other source," Hughes said.

He named the highway fund as a possible source from which the school fund might be increased if necessary.

Hughes expressed the opinion that President Roosevelt was a man sent by Providenec to bring the nation out of its difficulties. He assured the teachers that Roosevelt understood their problems and was going to help them, and continued by urging the teachers to be patient until the "New Deal" had been given a chance.

Hughes told his audience that Harry L. Hopkins, federal relief administrator, had announced that the federal government would help the state to maintain nine months terms for schools if the state could not maintain the full term unaided.

Freestone County Couples Are Wed During Past Week

FAIRFIELD, Dec. 2.—(Spl.)—Lowery Caster of Dew and Miss Eula Pearl Anderson of Fairfield, surprised their many friends Thursday afternoon when they drove over to Teague and were married at the home of Rev. Luker at 4 o'clock.

Mr. Lancaster is the son of Mr. and Mrs. Mac Lancaster of Dew, and a popular young man. He is now assistant at the Dew drug and grocery store.

Mrs. Lancaster is the daughter of Mr. and Mrs. Arch Anderson of Fairfield. She is a very popular girl of the community, a graduate of Fairfield high school in 1930, and of the Oxford Institute in 1932. She had been in the employ of Lott Dry Goods Co. several months.

The young couple will make their home at Dew.

Forest Jones, son of Mr. and Mrs. W. E. Jones of Fairfield, and Miss Ethel Utsey, daughter of Mr. and Mrs. James Utsey of Cross Roads, were married Saturday by Rev. R. L. Pburn at his home. The newly wedded coupie will make their home in Fairfield.

HARWELL RESIGNS AS MANAGER LOCAL CHAMBER COMMERCE

WILL ACCEPT LIKE PLACE AT PALESTINE AFTER FIRST OF YEAR

Resignation of William O. Harwell, secretary-manager of the Corsicana Chamber of Commerce for the past four and a half years, was tendered and accepted at a call meeting of the directors of the organization Saturday morning. Mr. Harwell will become secretary of the Palestine Chamber of Commerce on January 1.

A committee composed of Ted B. Ferguson, chairman; I. N. Cerf, J. N. Edens, W. P. McCammon and A. F. Mitchell, was named to select a successor to the resigned executive.

In tendering his resignation, Mr. Harwell told the directors that he was accepting a post with a higher salary, and that he believed perhaps that the Corsicana organization might be better off with the injection of new blood. He declared that whoever might be selected would need more assistance from the directors and membership, both financially and in personal assistance.

He recommended that the local chamber either get a secretary of experience with a record of achievement behind him, or do without an executive for a period of time until the proper one could be secured.

Praises Secretary

W. P. McCammon declared that the chamber had "holded up its hands and believed almost everything impossible" during the past three years and that if anything had been accomplished it should be credited to the secretary. He declared that he had been closely associated with Mr. Harwell and paid tribute to his efforts.

After considerable discussion and expressions of regret the directors accepted the resignation of Mr. Harwell. At his request it was announced that the books would be audited immediately.

Chamber Out of Debt

Mr. Harwell reported that the chamber was out of debt with all salaries and bills paid up to December 1, and that sufficient money was on hand or in sight to pay all December accounts on January 1. In response to questions he told the directors that the Corsicana organization had been operating on about half the budget of towns of similar size; he also stated that the minimum operating budget would require about $5,500 to $6,000.

The new government subsistence plan for industrial workers was presented to the directors but no definite action taken. More information on the project is to be secured and submitted to the board at a later date.

Mr. Harwell became secretary of the Corsicana Chamber on September 1, 1929, coming to Corsicana from Austin, where he had been assistant secretary of the Austin Chamber for several years. He is a director of the Texas Chamber of Commerce Executives association, and has been acclaimed as one of the outstanding younger executives in chamber of commerce work.

GOOD RAIN FELL IN NAVARRO COUNTY AND WILL BE BENEFICIAL

MUCH NEEDED FOR FARMING ACTIVITIES AND SOME STOCK WATER CAUGHT

The first general rain of the fall season fell over Navarro county early Saturday morning furnishing the much needed moisture for grains that have been planted and putting land in shape for further preparation.

In some of the sandy land sections some water was caught in tanks but generally the rain did not supply the badly needed stock water. A temporary supply of water for home consumption was caught in cisterns.

The rainfall in Corsicana was 1.80 and reports from all sections of the county indicate the rain was about the same everywhere.

Streets in the city were flooded but the water had drained sufficiently by the usual work time that motorists and pedestrians had no difficulty in traveling.

The rain will revive drooping shrubbery in the city and will furnish it with enough reserve strength to make the winter if it is not too cold. Much of the shrubbery was beginning to die and a hard winter would have finished killing it, particularly if there had been very little rain before cold weather set in.

Fall Exceptionally Dry

This has been one of the dryest falls in a number of years and farmers were beginning to worry about the fall grain crops as well as about the preparation of land for other crops. Stock water was scarce and many were forced to haul water for both stock and domestic consumption from the city of Corsicana.

The excessively dry weather permitted the gathering of the cotton crop in the county with very little loss and also permitted early completion of the work.

Farmers will start preparation of land for further planting of grains and for the next crop immediately, if there are no more rains within the next few days.

No damage was reported from any section of the county by the electrical display that accompanied the rain. There was very little wind. There was also very little drop in the temperature.

Promise More Deer For Game Preserve

KERENS, Dec. 2.—(Spl.)—Judge T. A. Crowley has returned from Austin and said the game commissioner had promised to send some more deer to Kerens to be placed on the game preserve south of here.

Courthouse News

District Clerk's Office.

The following case was filed:

Dave Washington vs. Ella Washington, divorce.

There were 42 civil cases filed in the district clerk's office during November as follows:

Divorce, 29; injunction, 1; partition, 2; debt and foreclosure, 3; damages, 3; to set aside award of the industrial accident board, 1; suit on notes, 2; sequestration, 1.

Sheriff's Office.

There were 105 prisoners lodged in the county jail during November.

"Gummy" Anderson, negro, was arrested by Deputy Sheriff J. M. Westbrook and charged by complaint with alleged assault with intent to murder in connection with the alleged cutting of Guy Dempsey with a knife, Nov. 22.

County Clerk's Office.

There were 90 marriage license issued in the office of L. C. Morgan, county clerk, during the month of November.

Marriage License.

Merlin Mundell and Joyce Lee.

L. A. Bradshaw and Louise Ray.

Warranty Deed.

W. A. McEntire et ux to J. A. Sims, 53.3 acres William Cox and E. P. Baker surveys, $1,400 and other considerations

Tax Collector's Office.

R. L. Harris, tax collector, announced Friday that 1934 auto registrations could be procured at his office during December if auto owners desired, but that under the state laws, the license plates could not be used on motor vehicles prior to Jan. 1, 1934.

Mr. Harris also said that delinquent taxes could be paid during December with a 2 per cent penalty and that after Dec. 31 the penalty would be 4 per cent.

Justice Court.

Four were fined for alleged drunkenness and one for affray by Judge M. Bryant.

Commissioners' Court.

The regular meeting of the Navarro county commissioners' court was held Friday morning. Claims were allowed except as noted on claim docket. Minor tax adjustments were made.

Discussion of the improvement of the road from the Corsicana-Emhouse lateral road to the Corsicana Country club grounds was held. It is expected this improvement ordered a year ago by the court, will be made within the immediate future.

All members of the court were present.

GOVERNMENT WINDS UP GIANT FINANCE JOB ON SATURDAY

LARGE PART OF LIBERTY BONDS OFFERED TREASURY LATEST FIGURES SHOW

By WILLIAM L. BEALE
(Associated Press Staff Writer).

WASHINGTON, Dec. 2.—(AP)—The government winds up today the first big financing job carried on during the administration's gold buying.

Books close at midnight on exchange subscriptions of called fourth Liberty loan bonds fr the new 10-12 year treasury issue. already puans are under way for borrowing around a billion dollars within the next two weeks.

Details of the new financing—needed specifically ot meet $727,000,000 of December 15 maturities—will be announced next week, probably about the time President Roosevelt will make a speech toward which some officials look for new light on his monetary plans.

The presidential address comes Wednesday night. It will be made to the federal council of Churches of Christ in America and will be broadcast.

Exchange subscriptions for the $1,875,000,000 of called fourth Liberties were opened 10 days before gold buying began Oct. 25. Latest treasury figures show more than $890,000,000 of the Liberties have been offered for the new securities which for the first year pay the same interest, 4 1-2 per cent.

Studied in their relation to gold purchases, offical figures show that roughly two-thirds of the exchange subscriptions were booked prior to the RFC's first gold price and the remainder in the month since.

These developments were believed to prescribe short-term securitis for the new financing. Another consideration, however, was a strengthening of the government bond market yesterday coincident with a third boost in the government gold price in as many days for a new high quotation of $34.01 an ounce.

Also, the dollars held its own abroad during this week's 25-cent gold price increase. France's gold losses was one explanation advanced by exchange experts for this situation.

New reports of a possible Anglo-American currency agreement were credited with some responsibility for keeping the dollar strong, but they failed to gain even a hint of official confirmation. In Warm Springs, Ga., President Roosevelt smiled them away, apparently as "just another" report.

Pursley Visitors Honored Thursday at Thanksgiving Feast

Mr. and Mrs. O. T. Nutt of Pursley had as their guests for Thanksgiving Mr. and Mrs. Vernie Taliafero and daughter, Margaret Nell, and son, Doyle, and Mr. and Mrs. John Lasley from Denton. They had a turkey dinner honoring their guests.

Those present were Mr. and Mrs. William Stiles and children, Ferrell and Billie Gwendolyn; Mr. and Mrs. Bill Lasley, Mr. and Mrs. R. L. Harden, Mr. and Mrs. W. H. Harden and son, Ardean; Mrs. M. J. Nutt, Jack, Dorothy and Mattline Harden, all of Pursley, Mr. and Mrs. Vernica Taliaferro and Margaret Nell and Loyle Taliaferro, Mr. and Mrs. John Lasley of Denton; Mr. and Mrs. J. R. Stewart and daughter, Winona, of Corsicana. Everyone enjoyed a most sumptuous dinner.

DRUGGIST ADMITS SLAYING OF FOURTH WIFE IN NEW MEXICO

ALBUQUERQUE MAN HAD PREVIOUSLY CLAIMED HIT AND RUN DRIVER DID IT

ALBUQUERQUE, N. M., Dec. 2—(AP)—Shouting above a wintry gale that tore at his clothing and sifted snowflakes through his hair, Carl Wickham, 45, stood early today on the spot where he claimed his fourth wife, Donalda Chicoine Wickman had been fatally injured by an automobile, and confessed, police said, that he beat her to death with a tire tool last Saturday night.

A few hours later, District Attorney T. J. Mabry announced he signed a formal confession. Mabry moved at once to file murder charges against him.

Deaths of two of Wickman's previous three wives are under investigation but Wickman steadfastly denied today, Mabry said, that he was responsible for the death of either.

They were Mrs. Rhoda Keith Wickman of Brighton, Colo., his second wife, who died in Denver, in 1930, and Mrs. Marie Burns Wickman of Vici Okla., his third wife, who died in Holbrook, Ariz., in 1931. Both deaths were investigated by authorities and autopsies were performed but Wickman was never held. He also admitted, the district attorny said, that he took out insurance policies on the two women and collected on them.

Wickman told Mabry that he had deceived his bride as to their financial status but that he had made a clean breast of the falsehood and she had forgiven him. He admitted that he had planned suicide and had confessed to a priest his intentions. The priest he said, urged him not to destroy himself and that he returned to his wife "in a daze."

Part of Confession.

The confession announced by the district attorney said in part:

"We decided to take a little drive. I don't know how to say it but thoughts of suicide ran through my mind. That was terrible. I was in a daze. I knew what was going on and then I didn't. I remember her saying something is wrong with the wheels and we stopped. I got out of the car on the right side with the iron in my hand. I was looking at the front wheel to see if it was flat and looked under the car and saw the steering rod dropped. My wife Donalda was out of the car. She stooped down to look under the car and I hit her one blow on the head with the iron and she staggered a few steps down the road and fell forward. I swayed back against the fender and dropped the rod on the running board, then I ran forward. She was lying on her side, face down. The coat was there. I don't know what I did with it. I put it underneath her head. I don't know how long I was there, talking to her. A car didn't come for some few minutes. I knew something terrible had happened, all I remember was seeing her lying on th pavement. There was no abuse or promises in obtaining this confession."

First Wife Says Had Expected It

EDMOND, Okla., Dec. 2.—(AP)—"I've waited a long time for this; I knew something would catch up with him, sooner or later."

With these words, Mrs. Mina Mohr Wickman of Edmond, first wife of Carl W. Wickman, Denver pharmacist, started her story of her life with the man suspected of several "Bluebeard" marriages. Three of Wickman's wives met mysterious deaths, investigators have reported.

The Edmond woman, a blonde with delicate features, told her story calmly, but said that Wickman never did anything to make her think he might harm her.

The divorced wife admitted that she held resentment against her former husband, because, she charged, he left her within a few months of the birth of their child, Frederick, now 7 years old. She said Wickman came to Edmond from Fletcher, Okla. His parents are dead, but a brother, Lester Wickman is a druggist there.

Wickman came to Edmond as a member of the student army training corps during the World war.

"I know now that he should have been in the regular service" Mrs. Wickman said. "He was old enough, but he lied about his age."

She said they were married in 1925, and that Wickman had a good education, being a graduate pharmacist from the University of Oklahoma. After their marriage they went to Boulder, Colo., on a honeymoon, and later both enrolled in the University and took a six weeks' summer course. Later, they returned to Edmond, Mrs. Wickman said, "and it wasn't long until he told me he was going away."

Mrs. Wickman now is a graduate nurse having been trained at the Oklahoma City general hospital.

She said Wickman was "terribly high strung and nervous, but had a likeable personality on first acquaintance, making friends easily."

Probing Deaths Of Two Former Wives

DENVER, Dec. 2.—(AP)— The confession of the slaying of his fourth wife, which Carl Wickman, pharmacist, is said to have made to Albuquerque police, will not halt the investigation of the deaths of two of his other wives, Ray Humphries, chief investigator for the district attorney here, said today.

"We're going to keep right on checking the deaths of Mrs. Rhoda Keith Wickman, formerly of Denver, and Mrs. Marie Burns Wickman, of Viel, Okla., whe were believed to be Wickman's second and third wives respectively, Humphreys said.

The investigation Humphreys is making took a new turn, he said, after examination of Wickman's effects, which were left in storage in Denver before Wichman and his fourth wife started on their honeymoon trip that ended in her death, disclosed a quantity of poison.

President Has Signed Code For Liquor Control

WARM SPRINGS, Ga., Dec. 2.—(AP)—President Roosevelt today signed the liquor import control code regulating the amount and manner of importations.

The import code will be administered by the Federal Alcohol control administration.

A minimum amount of importations based on the five-year average of 1910 to 1914, roughly estimated to be 4,000,000 gallons annually of hard liquors and 7,000,000 gallons of wine is provided.

A preliminary permit period is established until Congress acts. By signing this code, the President has set up the machinery to regulate and supervise the liquor industry after repeal of national prohibition next week and until congress lays down a permanent method.

BETTER ABILITY CHAIN STORES TO CUT PRICES SEEN

WASHINGTON, Dec. 1.—(AP)—The suggestion that the stronger ability of chain stores to cut prices under competitors may be an unfair trade practice is contained in the federal trade commission's reports on its investigation of the chain store system of retail distribution.

This is only one of the recent major findings of the study, undertaken by congressional order as a possible prelude to legislative action, which discloses many factors of chain store strength. The commission so far has made no specific recommendations.

Chains, the report show, attain their price cutting ability because they may absorb losses of one store in another which charges higher prices in a locality where there is no price competition.

"Such variations," the report says, "in the prices charged by different stores of a chain may, of course, be carried beyond the point of merely constituting an advantage to the chain-store system and become unfair method of competition in commerce."

Another part of the report shows that on the average chain store retail selling prices are lower than those of independents. The total price of 73 items in four Cincinnati chain frocers was from $14.12 to $14.36, while the independents' price was $15.27. Gross profit of the chains ranged from 21.32 per cent to 22.07 per cent compared with 26.93 of the independents.

Chain store systems are shown to have received better discounts from manufacturers than independents or co-operatives. In 1930 in the drug trade chains 5.18 per cent was allowed, whereas wholesalers who sell to the independents, got 1.11 per cent. In the grocery trade, the chain discount was 2.02 per cent, compared with .91 per cent for wholesalers. Chain stores got a five times better rate in tobacco than wholesalers.

Death Sentence For Attorney Who Poisoned Four

BENTON, Ark., Dec. 2.—(AP)—A jury unconvinced by his plea of insanity, has ordered the death penalty for Mark H. Shank, Akron, O., attorney, convicted of the poison murder of Alvin Colley. Shank is also under indictment for the murder of Colley's wife and two of their children. All died from poison placed in grape juice at a picnic last August 15.

The verdict was returned late last night by the jury after deliberating nine hours. The defendant showed no emotion but his wife, given credit for much of the work of planning his defense collapsed and was carried from the courtroom to her hotel on a stretcher.

Defense attorneys announced they would renew the fight to free Shank. He has until next Thursday to file motion for a new trial, notice of which was given after the verdict was reported. If the motion is overruled, the attorney will be sentenced to death immediately. He will have 60 days in which to file an appeal.

Apparently no more concerned over the verdict than he had been in any proceedings of the trial, Shank was rushed to the Little Rock jail where he had been held since the crime. He was still in the apparent stupor in which he has been throughout the trial.

EMERGENCY RELIEF SECURITIES FAILED TO ATTRACT BIDDERS

ATTORNEY GENERAL ALLRED HOPES SOME GOVERNMENT AGENCY WILL BUY

AUSTIN, Dec. 2.—(AP)—Texas will make an effort to dispose of her $2,750,000 relief bonds, which had no takers when advertised for sale, to the reconstruction finance corporation.

James V. Allred, chairman of the Texas bond commission, set up by the legislature to dispose of the securities, announced that he "has taken up with the government officials in Washington the matter of disposing" of the bonds.

"I do not know whether we will be able to sell these to any agency of the government, or not, but I am very hopeful," Allred stated.

There was only one bid submitted yesterday when the bond commission considered proposals. It sought to purchase a block of only $150,000 worth of securities. Earnest money did not accompany the bid, as the law required. When the bidder was advised of this discrepancy, he withdrew his offer.

Par and accrued interest was offered. The law authorizing issuance of the bonds directs that they shall not be sold for less than par and accrued interest.

"The law provides that in the event the bond commission 'rejects all bids' it shall be our duty to re-advertise said bonds and again offer same for sale in the same manner in which we already had advertised and offered them for sale," Allred stated. "The law further provides, however, that the Texas bond commission, of which I am chairman, may also sell at private sale to the Reconstruction Finance Corporation, or any other governmental agency, the entire amount of the bonds offered for sale, or any part thereof.

"The law further provides that the R. F. C., or any other governmental agency, shall not be required to make sealed bids or to make a deposit of earnest money as required of persons and private concerns."

AUSTIN, Dec. 2.—(AP)—Texas' $2,750,000 bond issue, proceeds of which would go to relief of the destitute unemployed, has failed to attract buyers.

There was only one bid submitted on yesterday, the day set by the state bond commisison to consider proposals. That offer was withdrawn after the one who submitted it was advised the law had not been complied with, in that the bid was not accompanied with earnest money. It sought to purchase only $150,000 of the bonds.

James V. Allred, attorney general and chairman of the bond commission, stated "further steps will be taken immediately" to sell the bonds. Reports were the federal government might take the bonds off the state's hands.

The legislature has been empowered, by vote of the electorate, to issue up to $20,000,000 in relief bonds and the federal government promised to meet the proceeds with a similar amount.

At the time the legislature submitted to the voters the qestion whether the constiution should be amended to permit the issuance of state bonds for relief purposes, the First Methodist church seradministrator, had advised Governor Miriam A. Ferguson that unless this state helped with relief the federal government could not continue its assistance.

Ford Automobile Dealer Awarded Federal Contract

WASHINGTON, Dec. 2.—(AP)—Henry Ford may not be flying the blue eagle, but he is so nearly complying with the automobile code that one of his dealers today has a new contract to furnish possibly 700 trucks for the CCC.

There may, however, be subsequent study of whether the bid which won the contract for the Bethesda, Maryland, Ford dealer was under the minimum price fixed by the code.

Agreement to award the contract was announced by Secretary Wallace, who said the decision had been concurred in by Hugh S. Johnson, NRA chief.

Comptroller General J. R. McCarl held that even though Ford had not signed, his dealers' bids were acceptable if he were complying with code terms.

Even Johnson said Ford was complying. But subsequently Johnson wondered publicly whether the bid for the trucks—the government may take as many as 700—was under the code minimum. That was referred to McCarl, who said that was a question for "judicial determination" and not for the purchasing office to decide.

TOUHY GANGSTER FOUND HANGING IN ST. PAUL JAIL CELL

ST. PAUL, Dec. 1.—(AP)—Willie Sharkey, alleged Chicago gangster, hanged himself with his necktie in a cell in the Ramsey county jail here early today.

Ed Davis, the jailer, said he found the body suspended from the uppermost bars of his cell. One end of the prisoner's necktie was fastened to the bars, the other around his neck.

Sharkey with three other members of the Touhy gang, included Roger Touhy, the leader, was recently acquitted in federal district court of the $100,000 kidnaping of William Hamm, Jr., millionaire brewer.

Sheriff George H. Moeller said Sharkey had hanged himself between 5 a. m., and 6 a. m. He added that Sharkey had complained of a headache to a guard about 3 a. m., and had asked for Sharkey was unnoticed shortly

Jobs Are Given 1,250,000 First Week Civil Works

WASHINGTON, Dec. 1.—(AP)—The Civil Works administration announced today that "approximately 1,250,000" were put on the Civil Works payroll during the first week of operation.

Reports to Harry L. Hopkins from 44 states and the District of Columbia were than 1,188,307 were employed as of November 25.

New Mexico, North Dakota, Massachusetts and Minnesota have not reported and Hopkins said their reports will probably bring the total to 1,250,000.

Oklahoma during the first week completed its entire quota under the program designed to give jobs to $4,000,000 persons throughout the country.

That state put $101,000 persons on civil works jobs, and Hopkins said today there are no more jobs for Oklahoma.

The states reporting and the number of men placed on jobs include: Arkansas, 17,160; Kansas, 32,084; Louisiana, 37,940; Missouri, 5,121; Oklahoma, 101,000; Texas 133,689.

Relief rolls in October increased 2 per cent over September. Preliminary figures showed that 851,804 families on relief rolls on the end of October as compared with 2,794,640 at the end of the previous month.

The railroads have agreed to haul merchandise designed for relief distribution at reduced rates beginning today. The Eastern roads are granting a reduction of 10 per cent from the regular commercial rates on all merchandise except coal and coke. On coal and coke the reduction of 20 per cent.

However, a minimum charge of $15 per car to pay for road haul service is to be made.

The Western and Southeastern railroads already were subject to reduction of from 35 to 40 per cent on Federal government shipments under the federal land grant and bond aid clause because of this no further reductions are being asked.

Latest available figures show Texas had put 133,689 of its quota of 143,000 to work and Hopkins said the figure of employed doubtedly was higher than that noted in that tabulation, since it was made November 20.

At his press conference Hopkins said reports that the Texas Works administrator, Lawrence Westbrook, had put into effect a rule permitting not more than 10 per cent of the cost of projects to go for materials was erroneous, and that no set rule had been determined.

"What they are doing down there is this. They are declining to put more than 10 per cent of Civil Works money into materials and thus requiring counties to pay about 20 per cent, bringing the total to around 30 per cent for materials," he said. "We think 30 per cent generally is a good figure for the National economy, and a fair figure."

NEGRO CONVICTED OF ATTACKING WHITE WOMAN THIRD TIME

DECATUR, Ala., Dec. 2.—(AP)—Convicted a third time in less than three years on a charge of attacking a white woman, Haywood Patterson, one of seven Negro defendants in the "Scottsboro case" again was under sentence of death today.

Unmoved, the 21-year-old Chattanooga, Tenn., negro last night heard a jury return the verdict he had heard on two previous occasions—"We, the jury, find the defendant guilty as charged and fix his punishment at death."

Patterson was convicted on a charge of attacking Mrs. Victoria Price who, with Ruby Bates, alleged to have been attacked by the negroes aboard a freight train in Jackson county, Alabama, on March 25, 1931.

Seated beside Patterson as the verdict was read was Charley Norris, second of the defendants to be tried at this term of court, before formally sentencing Patterson. Two of the nine negroes involved in the case were held to be juveniles and placed in custody of Morgan county juvenile authorities.

Samuel S. Leibowitz, New York attorney retained by the International Labor Defense as chief counsel for the negroes, indicated another appeal would be carried to the United States supreme court.

Norris faces the same charge of which Patterson was convicted, that of attacking Mrs. Price. Ruby Bates testified at the Norris trial in 1931 that she was attacked but returned dramatically to repudiate her testimony at Patterson's second trial last April.

aspirin tablets. Roger Touhy and two of his alleged aides, Matthew "Father" McFadden and Edward "Gloomy Gus" Shafer, were confined in other parts of the jail.

After the acquittal of the four Tuesday they were held on an indictment returned against them in a State court in Chicago for the abduction last July of John Factor, international speculator, and a removal hearing for returning them to Illinois was set for tomorrow.

Sharkey and Shafer were wanted on mail robbery charges in Minneapolis.

It was recalled that during the Hamm trial observers said Sharkey appeared dazed and that William Scott Stewart, chief defense counsel, had said he believed that

CORSICANA, TEX., DEC. 5, 1933.

FIFTY YEARS

The Corpus Christi Caller was fifty years old Sunday, November 26. In observance of the event an 84 page Golden Jubilee Edition of the Caller-Times was issued.

From an editorial and mechanical standpoint the edition is something to bring joy to the hearts of the men and women responsible for its publication for they can look with pride on their completed labor of many months with the knowledge the words of praise are merited. The patrons of the paper have an authentic record of events over the half century period they should prize highly and preserve for future reference. The advertisers should feel great satisfaction in the knowledge that they had a part in making the edition possible and that their message will be read by many thousands of interested persons.

When a newspaper is published continuously over a period of fifty years it is justified in celebrating the event. When it is published in a progressive city like Corpus Christi there is more reason for re-joicing for had not the paper been worthy the city in which it is published could not have prospered. The growth of Corpus Christi is only the reflection of the activities of the half century old newspaper.

Grady Kinsolving, publisher of the Caller-Times, is a former resident of Corsicana, a graduate of the Corsicana high school, residing in this city during his boyhood days. His many friends here join those in Corpus Christi and over the state in offering congratulations.

THE WORLD OF MUSIC

The world of music is to me
An ancient country far away
Which I am not allowed to see.
Beyond its borders I must stay.
Still, as a boy who looks at ships
And pictures of some distant land,
The wish is ever on my lips
That some day I may understand
And some day at last to share
The ecstasy that must be there.
I hear them talk who know it well
About the golden hours of song
I listen as its people tell
Of wood wind notes a half-tone wrong,
But as the orchestra begins
A most majestic symphony
The magic of the violins
No inner meaning brings to me.
I cannot pass the citadels
To tread the paths where music dwells.

I envy them who walk its ways
And claim the joys denied to me.
I know it is a realm ablaze
With beauty I shall never see.
I'd like to walk its shores alone
And feel my soul with rapture swept,
But I was fashioned deaf to tone
So at the outer wall I'm kept.
Friends freely pass within the gate
...nd leave me in the cold to wait.
and kept on going.

Being a small size man chewing gum without leaving the toothpick drop out of his mouth.

THE 1934 MODEL

Word comes from the automobile capital of the world that the motor car maufacturers are completing their new models for the automobile shows which follow in quick succession westward across the continent beginning shortly after the new year. The significance of that is that thousands of car owners, who are arguing to themselves that the 1933 model is good for another year, will find a 1934 model indispensable as soon as they set their approving eyes upon it.

No mechanism "dates" so definitely as an automobile. It is not simply because there are fashions in gears and pistons as there are in cravats, but because the circumstances change in which an automobile is driven and because there is a demand for greater speed, safety, ease of operation and comfort. More than any other invention, the automobile reflects the state of mechanical engineering and its relation to society.

There will be two incentives for trading in the old bus on the latest thing on balloons after the approaching shows. They are the irresistible appeal of the new models and the knowledge that the purchase of a car will give employment to many persons and instantaneously place a large sum of money in circulation for the benefit of the largest number. A prosperous automobile industry can do much to make a prosperous country because of its many industrial, commercial and financial ramifications.

TWO-CENT POSTAGE

From the point of view of national recovery and better business, repeal will be worthwhile if it accomplishes nothing more in that direction than the return of the first-class postal rate to the traditional two cents. Legitimate business has been hampered — in many instances ruined—by the three cent letter rate. Little things can erase the last margin of profit in times like these.

President Roosevelt is authorized to knock a cent off the letter rate and is said to be waiting until congress compensates for the resultant loss of revenue by a higher levy on distilled spirits.

The addition of a cent to the postage rate was in the nature of an emergency tax and the administration has promised to abolish these levies as soon as repeal gives the government revenue that has been going into other channels for 12 years.

These emergency taxes will not, however, end on the day of official ratification of the repeal amendment which will be on December 5. On the following January 1 the 5 per cent tax on dividends and one-half cent of the federal gasoline tax will die a natural death. On the same day the capital stock tax will expire except for those corporations which end their fiscal year later in 1934.

The French are building houses with straw. Peasants who live in straw houses should not keep cows.

YEGGMAN —By Clive Weed

ANOTHER "TOKEN"

Another "token" payment has been agreed on to keep alive the British war debt to the United States. Technical default is prevented and evidence given of a hope that eventually the basis for a permanent settlement can be found.

The agreement provides that Britain will make a payment of $7,500,000 on December 15 and this will be accepted by the United States as evidence that the British government acknowledges the indebtedness. The present debt accord calls for a payment of $117,000,000 on December 15.

Great Britain is more jealous of its reputation for honoring its obligations than are several other countries owing the United States war debts. Seven nations already have defaulted, and this list is expected to be increased when the new installments fall due next month.

It is not improbable that Britain soon may be the only country still acknowledging its obligation and expressing a willingness to pay provided practical terms can be arranged. Default of a national debt is something against which the mind of an Englishman rebels.

Instead of a settlement of war debts aiding world recovery, it appears now as if recovery will have to come first and thus aid in providing the ground for a debt settlement. And by that time, the only active part of the total debt remaining may be that resting on Great Britain.

THE CHRISTMAS SHOPPER

When people do their Christmas shopping, they should realize, particularly if they are a little late about it, that the store people are doing about two or three times as much work as usual, and that the shoppers must be prepared to do a little waiting before they can expect service. Those who cannot wait a few minutes until earlier comers are served, should rush out and do their holiday shopping immediately.

We must all keep good natured through the Christmas rush. The store clerks who can keep their temper when customers are cross and grouchy, are headed for promotion. They show capacity for success in retail trade. And the customers who are tolerant and do not find needless fault, are the ones who get the best service in the end.

THE LAW OF FRIENDSHIP

Emerson defined friendship by attributing to it the characteristics of Truth and Tenderness. Between friends, each may be sincerely himself, without the protection of sham or affectation often assumed in ordinary intercourse. "My friend" said Emerson, "gives me entertainment without requiring me to stoop, or to lisp, or to mask myself." Further, friendship needs tenderness to tide it over rough roads and hard fare, which are bound to come. The end of friendship is for aid and comfort through all the relations and passages of life and death. Without Truth and Tenderness, a friendship cannot survive such experience.

This kind of friendship seems of necessity to be limited to two persons. With the presence of a third, self-consciousness enters in and the fine sincerity of the former relation is lost. It is difficult enough to find two persons whose interests and personalities so complement each other as to make real friendship possible. A third would complicate the situation hopelessly.

Someone will say, what of the clubs and lodges where men grow intimate with each other? Such exist in numbers, it is true; but real friendship as defined by Emerson cannot develop in the midst of a group. The whole of each member's personality could never be grasped by the others. The law of one to one, as Emerson sums it up, is the practice and consummation of friendship.

The business depression has succeeded in bringing back a palatable smoke for a nickel but the problem now is where can one get the nickel to buy a good five-cent cigar.

Uncle Sam is to cut out the frills in constructing new post offices. This will not mean, though, there will be less eagerness on the part of politicians to occupy them.

Notwithstanding the fact that half the world doesn't know just how the other half lives it doesn't want it to live that way.

Economists fighting over the country's gold policy might try to find the golden mean.

You never find true religion and bad manners in the same individual.

In Italy profanity is a felony. That ought to make it popular.

SOUTHERN NEWSPRINT

It may be too early to announce the birth of a new and valuable industry in the United States, but the news that nine Georgia newspapers have begun the printing of their regular editions on newsprint made from Southern pine indicates that another rich industry is more than a remote possibility.

The United States, the world's largest consumer of newsprint, imports two-thirds of its daily supply from Scandinavia, Finland, Russia and Canada, the latter leading. The reason is that spruce pulp, up to now, made the best paper and the domestic spruce forests had been wasted along with much of the rest of our timber resources.

Chemistry has made the pulp from Southern pine available for newsprint. The chemists have developed from this common tree of the South a newsprint of sufficient strength and quality to stand up under the severe tests of modern newspaper making.

Should this new domestic paper come into general use it will provide a market for 150,000,000 acres of Southern pine forests and provide the necessary impetus for cultivation of new forests on millions of idle acres stretching from Virginia to the Gulf of Mexico as well as the building of numerous lumber and paper mills providing employment for thousands and a new era of growth and prosperity for the South.

No one has yet suggested taxing of the radio announcer. Possibly this would be an effective way to limit his blah, blah.

An investigator seems to be a man who gathers $1200 worth of evidence to prove a $2.40 fact everybody knows.

Confession magazines have placed a premium on a "past."

Blocking Leases In Dawson Area

DAWSON, Dec. 1.—Oil men were here this week with the proposal for leasing a block of land for an oil test in this section.

Lon A. McCulloch and others of Dallas are proposing to make an oil test here if sufficient acreage is procured.

Inmate Odd Fellows' Home at Ennis Died Thursday Afternoon

Funeral services for Mrs. Mollie Carpenter, inmate of the I. O. O. F. Home at Ennis, who died Thursday afternoon, were held at Ennis Friday morning.

Surviving are three children, Evelyn, Leeman and Geneva Carpenter, students in the I. O. O. F. Home here.

PROMINENT FROST CITIZEN DIED ON SATURDAY MORNING

Sam F. Jones, pioneer resident of Frost, about 70, and prominent leader in Navarro county affairs, died at his home in Frost Thursday morning at 10 o'clock after a lingering illness. The funeral was held at Frost Friday afternoon at 2:30 o'clock. Masons had charge of the rites at the grave.

Mr. Jones was a director of the Frost National Bank of Frost and had taken an active interest in various civic and other enterprises in the Frost community for many years.

Surviving are his wife, four sons, Dock Jones, Bill Jones, Raymond Jones and Causey Jones, all of the Frost community; and four daughters, Mrs. Walter Sanders, Frost; Mrs. Herschel Keathley, Frost; Mrs. Faye Chamberlain, Dallas; and Miss Beatrice Jones, Frost.

HEAVY INCREASE IN BUSINESS AND INDUSTRIAL JOBS

NINETEEN PER CENT INCREASE SHOWN IN TIME OF NORMAL DECLINE

AUSTIN, Dec. 1.—(AP)—Employment in 947 Texas establishments increased 19 per cent during the week ended on November 11, according to the bureau of business research of the University of Texas.

The number of workers employed in those places totaled 80,943, against 68,135 for those firms during the same period last year.

Payrolls aggregated $1,742,810 during the week ended November 11, against $1,507,622 during the corresponding week of last year, said the report. This was an increase of nearly 16 per cent.

"Ordinarily there is a decline in payroll between October and November of five per cent, but this year there was an increase of nearly two per cent," the report stated.

Wortham School Teacher Injured In Auto Accident

WORTHAM, Dec. 1.—(Spl.)—Miss John Lee Stimson, history teacher in Wortham schools, who suffered facial and other bruises and cuts in a car accident Tuesday night, is reported resting very well today at the home of Mr. and Mrs. John Newell. Miss Stimson was given first aid at Mexia and later brought to Wortham.

Mr. and Mrs. Edwin Crowson and Miss Stimson were returning from Mexia when the accident occurred. It was reported that the car hit a mule, turning the car over several times while the occupants were in it. The car which was a new coupe was completely demolished.

Miss Stimson's mother of Jacksboro arrived in Wortham today to be with her daughter.

FORMER CHAIRMAN FARM BOARD DIES OF HEART ATTACK

HEAD OF HARVESTER COMPANY DIES SUDDENLY AT SUBURBAN HOME

CHICAGO, Dec. 4.—(AP)—Death from a heart attack has ended the career of Alexander Legge, 67-year-old president of the International Harvester company and former chairman of the federal farm board.

Mr. Legge, called "the iron man" because of his seemingly tireless efforts, died suddenly yesterday at his home in suburban Hinsdale, where he had been working in his garden.

During the war he was director of the war industries board. He was the second important figure in the nation's war time affairs to die within two weeks. The other was his close friend, Edward N. Hurley, head of the war time shipping board.

Funeral plans were withheld from announcement until today.

Alexander Legge, a farm boy, went to the city and made good. He became a success largely because he was a red-haired fighter, a shrewd trader and knew farmers.

Legge always dealt with farmers. He started as a collector and rose successively until in 1922 he became president of the International Harvester company.

But he took time out to serve the tillers of the soil in another way. President Hoover drafted him as chairman of the farm board—one of the government's greatest economic experiments. It required of him the full powers of his expert mind and some of the reserve in his six-foot-three, 200-pound body.

For 20 months he bore the brunt of criticism, always fighting back, never yielding to his critics. When he resigned to go back to his harvester company, he was called "hard-headed, hard-boiled and astute."

Once before he was in his country's service. In world war days he served as director of industrial mobilization, a dollar-a-year man. He was thrust into international prominence when he became chairman of the war industries board, in charge of all munitions shipments, both to America and allied forces abroad.

Economic Expert.

At Versailles, Legge was President Wilson's economic expert.

The next youngest of four children, he was born on a farm in Dane county, Wisconsin, January 13, 1866. The only systematic education he had was three months in a grade school at the county seat.

He once said his school was "infrequent." His education came by hard knocks and experience. In 1881 he went to Nebraska and for ten years worked from farm to farm. He came to know farmers intimately.

Then he went to Omaha. He went ahead rapidly with the Mccormick company. In 1899 he was brought into Chicago as manager of the collection department. In 1902, when the International Harvester company was formed by merger of the McCormick and Deering and other interests, the farm boy became assistant manager, general manager, vice president and, on June 2, 1922, president, succeeding Harold F. McCormick at a reputed annual salary of $100,000.

Goings and Comings Of Fairfield Folk And Their Visitors

FAIRFIELD, Dec. 4.—(Spl.)—Mrs. Clara Clark and two daughters spent Sunday with Mr. and Mrs. J. P. Utley.

Mr. and Mrs. J.D. Petty spent the week end in Teague in the G. C. Petty home.

Mr. and Mrs. Geo. Stubbs and baby of Wortham came over Tuesday, Mrs. Stubbs to spend Thanksgiving here with Mr. Stubbs attended the Texas A. and M. football game Thursday.

Mr. and Mrs. Carl Nicholas and Mrs. Jim Baldree were in Palestine Saturday.

John King, Sr., of Kirven was here Saturday.

Mr. and Mrs. Tom Wooton of Waco spent the week here.

Misses Mamie, Bess, Lewis and Julia Kate Ely, also Miss Bennie Davis, all of Dallas, spent Sunday here with relatives.

Misses Lizetta Pressley and Hattie Creswell of Dallas, Ronald Harris of Fort Worth, Freda Pressley of Corsicana and Herman Thrasher of Dallas were visitors in the John Manahan home Sunday.

ALEXANDER LEGGE

NAVAL

(Continued From Page One.)

followed our example. * * * Our weakened position does not serve the cause of peace."

To maintain a navy at full treaty strength, the secretary urged adoption of ap rogressive building program, providing construction of a specified number of vessels each year and allow for replacement of over-age ships.

London Remains Calm.

LONDON, Dec. 4.—(AP)—London newspapers treated calmly today Secretary of Navy Swanson's approval of present treaty ratios in his annual report.

Several journals displayed prominently the reports of the statement, but only the conservative Post, a traditional advicate of a strong British navy, commented editorially.

It used the secretary's report as a text on which to preach what it regards as Britain's similar need.

Emphasizing that Great Britain cut her navy and others augmented theirs, the paper asked: "Is it fire-eating militarism or commonsense to build more ships if somebody else insists on building more?"

Swanson, the Post added, "has supplied the answer."

Japan To Demand More.

TOKYO, Dec. 4. (AP)—A Japanese naval office spokesman, commenting today on Secretary Swanson's approval of existing navy ratios, declared that Japan was dissatisfied with the present 5-5-3 allotment and would demand an upward revision during a reconsideration of the Washington and London naval pacts.

"In a changing world, nations cannot remain bound forver by old agreements," he said. "The Washington treaty is 12 years old and totally inadequate from Japan's standpoint."

TRAGEDIES

(Continued From Page One.)

murder charges in the fatal shooting of his tenant, W. D. Twilley.

The state bureau of criminal investigation prepared to delve into the 21-year-old mystery of the murder of Griffin Harnage, Tahlequah, at the request of the Cherokee county attorney.

Charles Sater, 60, of Dewey, was charged with the murder Saturday as a result of allegedly boasting he once killed a man. This Sater denied and told officers another man did the killing for $75 after he had refused.

Despondent over finances, L. E. A. Himes, 32, a farmer, killed his wife at Frogville Saturday and then shot himself. Two days earlier, C. C. Bulla, 42, unemployed, killed his wife and himself near Sulphur.

WILL SEEK FEDERAL FUNDS FOR BUILDING WORK AT UNIVERSITY

Beauford H. Jester, chairman of the University of Texas board of regents, and Robert Leon White, Austin, chairman of the University board of architects, left Sunday afternoon for Washington, D. C., where they will appear before officials of the public works administration for the purpose of getting the approval of a number of building projects on the university campus. The plans for the completion of one building, and the erection of two others, have been approved by the Texas commission of public works administration in Fort Worth, and forwarded to Washington.

Mr. Jester and Mr. White have an appointment Tuesday morning with United States Senator Morris Sheppard in Washington.

The proposed construction work includes the completion of the library building, at a cost of $1,700,000, and teh erection of a boys' and a girls' dormitory, at the approximate cost of $150,000 each.

TAX PROBLEMS

(Continued From Page One)

mulation of the new tax bill, but Chairman Doughton (D-NC) said he hoped the committee would have the measure ready for congress when it convenes January 3. Hearings are not to be held until late this week, he said.

Meanwhile, the President's interdepartmental alcohol committee is preparing recommendations for increases in levies on liquor. The present tax is $1.10 a gallon. With the administration expecting to receive about $500,000,000 in the first full year after repeal, and the treasury estimating consumption for that period will be 105,000,000 gallons, the levy would have to be greatly increased to obtain that amount.

Indications are that it will be doubled to $2.20 a gallon. The tariff on imported liquors amounts to $5 a gallon and about 14,000,000 gallons are expected to be brought in.

Besides planning to make corporations and individuals deduct their losses from income in the years they are sustained, the committee expects to strengthen the capital gains and loss provisions of the law. The sub-committee recommended that allowances for depreciation and depletion be reduced and that holding companies set up by individuals and corporations as a means of evadnig income levies be assessed 25 per cent of their net return.

Taxes imposed in the National Recovery Act, estimated to return $212,000,000 to retire the $3,300,000 public works loan fund, will be repealed along with prohibition repeal.

HOLLYWOOD SIGHTS & SOUNDS

By ROBBIN COONS

HOLLYWOOD—How far the talkies have departed from the once desired "English accent" is marked by the case of Frances Drake, new actress who is one of George Raft's four leading ladies in "Bolero."

Frances Drake is a young New York girl who went to England nearly six years ago to visit her grandmother and a cousin, and liked it so well she stayed on.

Then Along Came Ruth

About the time Frances left America Ruth Chatterton was preparing to launch on her career as a talkie actress, whether she was aware of the fact or not.

Miss Chatterton's debut in sound, with a voice that spoke an English scarcely intelligible in some parts of this country, furthered the popularity in Hollywood of what came to be described as the "English accent."

Players who didn't have it sought it through elocution, players who did have it got jobs. It lasted a while until Iowa and Michigan and other states that spoke "plain American" got in their votes, and then it was the other way around.

Genuine English players who spoke with or without accent flourished as before, but the girls and boys from the Bronx and Dubuque and Kalamazoo returned to normalcy in enunciation.

And it has gone so far now that Frances Drake, who acquired a British vocal color during her sojourn abroad, is being made to work hard to lose it!

All Accidental

Miss Drake is the antithesis of the stock film heroine who has achieved success by fighting for the breaks. Every single step in her professional advance came unsought and unexpected.

"I met an actor in London—Gordon Wallace, who was in Eva LeGallienne's repertory company for a while—and he asked me to form a dance team with him," she says.

"We danced, and a stage producer asked us to take parts in a play. Then I was invited to make films in England, and later came an engagement, also unsolicited, in a night club. Screen tests I'd made in England brought me to Hollywood—and here I am.

"What would I do if I really had to get out and ask for a job? I don't know," she laughs, "but I think I'd try to work up an original background for myself!"

WILLIAM H. PAGE DIED LATE SATURDAY AND BURIED MONDAY

William H. Page, aged 79 years, long-time resident of Corsicana, formerly Navarro county surveyor, died Saturday night at 11 o'clock at 1556 West Collin street, after a lingering illness, and the funeral was held from the chapel of the Sutherland-McCammon Funeral Home Monday afternoon at 2 o'clock with interment in Oakwood cemetery.

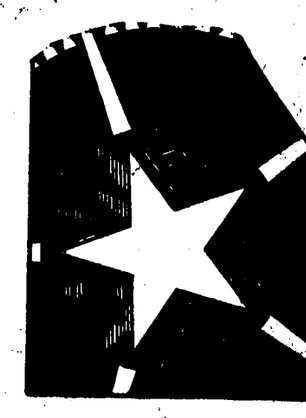

The funeral rites were conducted by Rev. H. J. Ellis, rector of St. John's Episcopal church.

Surviving are niece, Ida A. Perfield.

Mr. Page came here in the early days of the Corsicana shallow oil field discovery, with the influx of prominent oil men from New York, Pennsylvania, West Virginia and Ohio, and did the greater part of laying out and locating the present Magnolia refinery plant here. He was a graduate of Cornell University, holding an engineering degree from that institution, and was recognized as one of the ablest engineers of his day.

Pallbearers were Walter Roberts, Sam Gill, W. M. Elliott, C. C. Sands, Everett White and H. C. Ballew.

For the illustrated pamphlet, "BEAUTY," ten cents in stamps with fully s.s.s.e. must be enclosed. Address Miss Forbes in care of this paper.

A SHAOPOO SUGGESTION.

So many contradictory things are written about shampooing that I should like to get certain facts straight in the beginning. Many people write that too many shampooes hurt the scalp. This is not true, at least it depends on the kind of shampoo you use. Most people have their hair done once a week, but some, believing this to be injurious, have it done once in three weeks, and I even know of one woman who actually boasted that she never had her hair washed oftener than twice a year!

You can shampoo your hair once a week not only without injury, but with a great deal of benefit if you will take heed of the following suggestions. Once a month, or once every fourth shampoo, rub the scalp with oil. You can get all kinds of oil, and some shops recommend an extremely light, fine variety which the scalp readily absorbs. I honestly think it does not matter much. If you use oil the night before it would be an excellent thing to use crude oil, which is thick and black, and marvelous in combating scalp diseases. In this case you wear a musin cap to protect your pillow.

But if you can only use the oil just before the shampoo, use the finest brade oil you can buy. Rub it into the scalp thoroughly, then take a large towel, wring it from hot water, having it just as hot as you can bear it, and wrap up the head with it. A hot dry towel put over this will retain the heat longer and by opening the pores of the scalp let the oil soak in. If you have used a great deal of oil, a thick oil such as olive or crude oil, then you had best rub the scalp with an egg and let the egg dry on. It takes up and retains the oil, which is then washed off along with the egg, with lukewarm water. If you have used a fine oil this will not be necessary. In any case, you will need three soapings with liquid castile and hot water.

Mrs. K. L.—In a diet that will be helpful in getting rid of rheumatism, all acid forming foods should be eliminated. The doctor will probably make suggestions about this, beside whatever else he does to clear the system of the poisons causing the trouble.

H. M.—A discolored look of the skin all around the mouth usually indicates that the liver is out of order. If it persists for any length of time, you should consult a doctor about it. When the skin is oily, even when it is only oily where the pores are most active, such as over the nose or forehead, there is always the internal cause for it, and the skin is being imposed upon to keep the system cleared. Drink more fater at such times, and take plenty of fruit juice, and less of all heating foods.

(Tomorrow—Thinning Suggestions)

Water and Sewer Projects Planned City of Fairfield

FAIRFIELD, Dec. 2.—(Spl.)—Major H. L. Williford, city engineer; H. B. McAllister and City Secretary T. A. McIlveen have returned from Fort Worth where they went to present Fairfield's application for a government loan to build water and sewer systems.

The application asks for a loan of $100,000 and a grant of $32,482 The delegation was favorably received, and on their return expressed themselves as pleased with their reception and hopeful that the application would be approved.

The application will be set for a hearing on Dec. 6 or 7, and it is earnestly desired by our city officials that a large delegation of local citizens attend the meeting.

Tupelo Couple Have Fine Baby Boy

Mr. and Mrs. George Robinson of the Tupelo community are rejoicing over the arrival of an 8 1-2 pound boy who made his arrival on Thanksgiving Day at the home of Mr. and Mrs. John Farrish, 619 North Twenty-seventh street. Daddy George is all smiles, and his and his wife's many friends join in extending hearty congratulations to them over their first child.

Mrs. Robinson and the baby are reported doing nicely.

New York Cotton Quiet.

NEW YORK, Dec. 4.—(AP)—Cotton opened quiet, 2 to 4 lower on disappointing cables, but unchanged government gold price and the decline in foreign exchange. Dec. 9.86; Jan. 9.92; March 10.06; May 10.17; July 10.29; Oct. 10.40.

There was some buying attributed to domestic and foreign price fixing, and Southern selling was in comparatively small volume, but prices sagged off, after the call under scattering liquidation promoted by firmer ruling of the dollar in foreign exchange markets.

December worked off to 9.83 and May to 10.14 with active months generally showing net losses of about 6 to 8 points at the end of the first half hour.

Three of the private end-November crop reports were issued with figures on the indicated yield in bales of 508 pounds Texas ranging from 12,486,000 up to 13,249,080 bales while estimates of ginning prior to December 1st ran from 11,825,008 to 11,895,000 running bales. These figures attracted very little comment. Trading continued quiet with fluctuations showing a tendency to follow the foreign exchange market. After selling off to 9.80 for December and 10.09 for May or about 10 to 11 points net lower, prices stiffened up 2 or 3 points from the lowest with the market quiet and steady at midday.

Futures closed barely steady, 8-11 lower. Spot quiet; middling 10.05.

New Orleans Cotton Easier.

NEW ORLEANS, Dec. 4.—(AP)—Cotton opened somewhat easier today although cables were better than due. Sterling, however, was lower and gold was unchanged. After starting 3 to 5 points down, March rallied 3 points after the call to within two points of the previous close but soon eased again to 9.88 and May traded at 10.12, at these levels showing net losses of 4 to 5 points. Trading was quiet during the first half hour.

The market rulled quiet all morning with narrow price fluctuations. Prices eased moderately on a drop in sterling and somewhat easier stocks. March declined to 9.85 and May to 10.08, down 7 to 9 points from Saturday's close. Prices rallied two points around noon on some short covering and the price level at that hour was 5 to 7 points net lower. Traders appeared to be disposed to await the final government crop estimate due on Friday.

N. O. Cottonseed Oil Steady.

NEW ORLEANS, Dec. 4.—(AP)—Cottonseed oil closed steady. Prime summer yellow 3.70-3.85; prime crude 3.00-3.12 1-2. Dec. 4.05; Jan. 4.05; March 4.17; April 4.22; May 4.32; July 4.47.

Call Money Steady.

NEW YORK, Dec. 4.—(AP)—Call money steady; 3-4 per cent all day.

Time loans steady; 60 days-4 mos 3-4 @1; 5-6 mos. 1@1 1-4 per cent.

Price of commercial paper 1 1-4.

Bankers acceptances unchanged.

30 days 5-8@1-2.
60 days 5-8@1-2.
90 days 3-4@5-8.
4 mos. 3-4@5-8.
5-6 mos 1@7-8.

PAN-AMERICAN

(Continued From Page One)

The action was taken to forestall derogatory remarks against the United States in the Cuban response to be made later in the day to the salutations of Dr. Alberto Mane, foreign minister of Uruguay.

Dr. Manes' remarks were planned as a more or less routine welcome to the representatives of the 21 American Nations. Cuba was chosen to respond to this salutation because of the custom that the last host to the conference make the reply. The last conference, that of 1928, was held in Havana.

The Cuban delegation prepared its response and submitted it in writing to the conference secretariat. The action by the group desirous of preserving the amenities of the occasion followed.

A new Gran Chaco peace overture, sponsored by Chile, had an impetus in the keynote address with which President Gabriel Terra of Uruguay opened the conference.

It placed the months-long war between Paraguay and Bolivia over the Chaco Boreal uppermost of the problems the delegates are to consider during the parley.

Seek Peace Moves.

Dr. Miguel Cruchaga, the Chilean foreign minister, sought a meeting of statesmen from Argentina, Brazil, Chile, and the two belligerents to further the peace efforts. The Pan-American conference, he felt, offers an opportunity for direct talks to supplement the messages that previously formed the bases for the Chaco negotiations.

President Terra in his opening address yesterday urged an end to the Chaco warfare and a scaling down of tariffs "which President Roosevelt justly termed unsound, fatal, and direct originators of world economic disaster."

"The noble American juridical tradition cannot remain buried in the swamps of the Chaco," he insisted.

"Would that my words could express the fraternal anguish we feel in the face of the Bolivian-Paraguayan struggle. We prided ourselves on being a continent of peace and arbitration and are behooved to regain that position before the world.

"This conference cannot leave unheard the clamor of American public opinion demanding peace. I am confident that your effective exhortations will move public opinion in both nations."

Grains and Provisions

Fort Worth Cash Grain.

FORT WORTH, Dec. 4.—(AP)—Wheat and corn were in fair demand on the cash grain market as the week started; but other offerings—although light—were rather slow sale.

Prices ranged as follows, basis car loads on track at Fort Worth, freight paid to delivery point:

Delivered Texas Gulf ports, export rates, or Texas common points:
Wheat No. 1 hard 88-89.
Barley No. 2 nominally 59-60; No. 3 nominally 58-59.
Sorghums No. 2 milo per hundred pounds nominally 98-1.00; No. 3 milo nominally 96-98. No. 2 kafir nominally 82-84; No. 3 kafir nominally 81-82.

Delivered Texas common points or group three:
Corn No. 2 mixed 61-62; No. 2 white 62 1-2@63 1-2; No. 2 yellow 61 1-2@62 1-2.
Oats No. 2 red 43-44; No. 3 red 42-43.

Wheat Slumps.

CHICAGO, Dec. 4.—(AP)—Dominated in the main by monetary conditions, wheat today sold at new low prices since Oct. 20, but rallied at the last on scattered buying.

The fact that unofficial December crop reports indicated no curtailment of United States winter wheat acreage despite the government's production control program was construed as somewhat bearish. Domestic winter wheat new crop prospects at present are for around 110,000,000 bushels more than harvested in 1933.

Wheat closed unsettled at the same as Saturday's finish to 1-4 lower, corn also unchanged to 1-4 off, oats 1-4 down to 31-8 up, and provisions varying from 27 cents decline to a rise of 2 cents.

CHICAGO, Dec. 4.—(AP)—Butter, unsettled; creamery-specials (93 score) 22-22 3-4; extras (92) 21 1-2 3-4; extra firsts (90-91) 19 1-2@20 1-4; firsts (88-89) 17-18 1-2; seconds (86-87) 16-16 1-2; standards (90 centralized carlots) 20.

Eggs, steady, extra firsts 24; fresh graded firsts 22; current receipts 17-19.

Potatoes Dull.

CHICAGO, Dec. 4.—(AP)—(U.S.D.A.)—Potatoes, dull; U. S. No. 1, Wisconsin round whites few sales 1.22 1-2@25; occasional car higher; Minnesota, North Dakota Red River Ohio's 1.15-17 1-2; Idaho russets few sales 1.57 1-2@60; few higher; combination grade 1.35-40; Colorado McClures 1.60-62 1-2.

Livestock

Fort Worth Livestock.

FORT WORTH, Dec. 4.—(AP)—(U.S. D.A.)—HOGS: 1,600; 10c lower than Friday, or steady to 5c higher than Saturday; top 3.80; medium to choice 187 pound rail hogs 3.75; mixed lightweight rail hogs 3.40-3.60; pigs 2.75-3.00; bulk good to choice 190-260 pound truck hogs 3.75.

CATTLE: 1,600; Calves 2,000; mostly steady; slaughter steers 2.00-4.10; very good heavy fed steers held around 3.85; good cows up to 2.50; butcher sorts 1.75-2.00; good to choice fed yearlings 3.25; other good yearlings 4.50-5.00; good stock steer calves 4.15; other stock calves and yearling 3.25-3.50; good heavy fat calves up to 3.50.

SHEEP: 1,200; steady; wooled fed lambs 5.75; shorn fat lambs 4.50 down; short fat yearlings 4.00; shorn 2-year-old fat wethers 3.00; good shorn aged wethers 2.25.

Chicago Livestock.

CHICAGO, Dec. 4.—(AP)—(U.S.D.A.)—HOGS: 25,000; steady to 5 higher; bulk 180-300 lbs. 3.30-55; most pigs 2.00-50; packing sows 2.50-75; few 3.00.

CATTLE: 12,000; Calves, 1,500; light steers and yearlings strong to 25 higher; weighty steers steady; vealers about steady; slaughter steers, good and choice 550-1500 lbs 3.75-6.50; cows, good, 2.75-4.00; vealers, good and choice 4.50-5.75; stocker and feeder steers 500 to 1050 lbs 3.50-4.50.

SHEEP: 1800; steady; lambs 90 lbs down good and choice 6.75-7.40; ewes 90-150 lbs. good and choice 1.75-3.00; feeding lambs, 50-75 lbs, good and choice 5.50-6.10.

Kansas City Livestock.

KANSAS CITY, Dec. 4.—(AP)—(U.S. D.A.)—HOGS: 6,000; 800 direct; slow, uneven, mostly 5-10 lower; good and choice, 3.00-40; packing sows, 2.25-85; stock pigs, good and choice, 2.50-85.

CATTLE: 10,000; Calves, 2,000; light yearlings strong; other killing classes steady; stockers and feeders strong to 25 higher; top light mixed yearlings 6.00; steers 5.75; cows, good, 2.65-3.25; vealers (milk-fed), medium to choice, 3.00-6.00; stocker and feeder steers, good and choice, 3.35-4.35.

SHEEP: 3,500; killing classes active, 10-15 higher; top and bulk native and fed lambs 7.00; lambs, good and choice 6.65-7.00; yearling wethers, medium to choice, 90-110 lbs., 4.00-5.75; ewes, good and choice, 90-150 lbs., 2.00-3.15.

Texas Bonds to Be Readvertised By Commission

AUSTIN, Dec. 4.—(AP)—The Texas bond commission today decided to re-advertise for sale $2,750,000 worth of state bonds, proceeds of which would be used in relieving distress of the unemployed.

James V. Allred, chairman of the commission, charged with details of selling the securities, said the decision was made after a conference with Gov. Miriam A. Ferguson.

He said details of preparing advertisements and fixing the date to receive bids would be attended to at once.

Bids for the bonds originally were asked for Dec. 1, but there were no offers.

Allred had expressed a hope the securities could be disposed of to some agency of the federal government.

Some had expressed a belief that non-sale of the bonds might force an extra session of the legislature to make them more attractive as investments, but former Governor James E. Ferguson, spokesman for the chief executive, and Allred each, said they believed the bonds could be realized on without that necessity.

"ACHIEVEMENT DAY" FOR FOUR - H CLUBS BE HELD SATURDAY

WILL BE HELD IN OLD MONTGOMERY WARD BUILDING, OPPOSITE POSTOFFICE

Plans for the first "A chievement Day" for Navarro County Boys and Girls 4-H Clubs have been recently completed by C. C. Morris and Miss Ruth McNabb, county agents, and the celebration will be held on Saturday, December 8, in the quarter formerly occupied by the Montgomery Ward company on South Main street across from the post office.

The affair will begin at 9 o'clock Saturday morning and continue until about 4 o'clock in the afternoon. Arrangements have been made for numerous club and individual exhibits in both the boys and girls divisions, ash prizes for outstanding work have been provided through the courtesy of the Corsicana Chamber of Commerce.

One of the features of the day will be a special meeting for the boys and girls at 2 o'clock in the afternoon, but the agents would make no comment on the special meeting other than to urge every club member to be present at that time.

Entries Must Be Placed Early.

All entries must be in place by 9 o'clock in their assigned space, and attendants must be on hand from the club making the entry. All food entries must be properly and carefully labelled.

In the girls division a cash prize of $7.50 for first place, and $5.00 for second place has been offered for the club exhibits. They will be judged on the following basis: Greatest number containers of canned food 400, greatest number varieties of canned food 150, greatest number of products 150, per cent club members exhibiting aprons 100, per cent club members exhibiting equipped sewing boxes 100, and per cent club members exhibiting records and histories 100, making a possible total of 1000 points.

Cash Prizes.

In the individual classes first and second prizes of fifty and twenty-five cents are offered for the best container of fruit, best container of fruit juice or tomato juice, best container jelly or preserves, best container of pickles or sweet relishes, best container of vegetables, best apron, and best eqipped sewing box.

Prices of $1.50, $1.00, and fifty cents are offered for the best history and record.

In the boys division prizes of $1.00 and fifty cents are offered for the first and second winners in the following classes:

4-H Corn—best ten ears yellow dent, and best ten ears white dent.

4-H Grain sorghums—best ten heads any variety.

4-H Cotton—best twenty open bolls cotton.

4-H Poultry—best pen single comb R. I. Reds, best pen Barred Rocks, best pen Leghorns, best pen any other variety.

A pen has been defined as being composed of two pullets and one cockerel, and must be chickens raised this year.

Five prizes ranging from $$2.50 to fifty cents are offered for the best 4-H club reports, consisting of financial report card and written story.

COUNTY WOMEN'S DEMONSTRATION CLUB ELECTED OFFICERS

Officers for the new year were elected at the regular meeting of th Navarro County Women's Home Demonstration Council held at the Corsicana Chamber of Commerce building Saturday afternoon. The followng officers were named:

Chairman, Mrs. R. B. Garrett, of Powell.

Vice-Chairman, Mrs. Tom Johnson.

Secretary-Treasurer, Mrs. C. D. Owens of Emhouse.

Reporter, Mrs. G. M. Wood.

All clubs which had not paid their dues to the council or handed in their annual reports were requested to do so immediately.

C. C. Morris, county agent, made a talk on the importance of the farmers and their families co-operating with the government in every way possible.

It was also announced that the "Achievement Day" for 4-H club boys and girls would be held on Saturday, December 9, in the former quarters of the Montgomery-Ward company at the corner of West Sixth Avenue and South Main Street.

SERIES MEETINGS FOR EXPLANATION NEW COTTON PLAN

First of a series of meetings in various sections of the county at which the 1934 cotton acreage reduction plan will be explained was announced Monday by C. C. Morris, county agent who will head the drive in Navarro county, for the Mildred school house Friday, December 8, starting at 7 p. m.

The meeting will be for all interested farmers in the Cheneyboro, Eureka, Navarro, Providence, and Mildred communities and other residents of the southeast portion of the county. The various phases of the campaign will be presented by capable and informed speakers.

Other meetings will be arranged within the next few days, Mr. Morris said. The main campaign for the signing of the 1934 contracts will be launched as soon as the details of the plan can be presented in all parts of the county.

SCHOOL BOARDS UNDER FIRE IN ADDRESS OF PRESIDENT OF STATE TEACHERS ASSOCIATION

AUSTIN, Dec. 1.—(AP)—Reports that members of school boards in 16 counties had engaged in illegal and unethical practices were before the Texas State Teachers convention today.

In his address last night, H. W. Stillwel, president, said reports had been received by the executive committee that certain school board members had accepted bribes in return for jobs; that others had used their positions to sell supplies and services to the schools and that others had placed school employes under duress to obtain business for commercial enterprises in which the trustees were interested.

Stillwel said that the first two practices were illegal and the third was unethical. Employment of relatives by school trustees also is under scrutiny, Stillwell said.

He declined to name the counties from which complaints had been received but said he had been advised that in four counties indictments had been returned by the grand jury. Stillwel asked the co-operation of teachers and county prosecuting officers to end the alleged abuses.

Stillwel said the complaints will be turned over to the new president and the executive committee, which will be elected Saturday.

Mrs. Roy C. Owens of Tyler and P. O. Loftin of San Antonio were nominated for the presidency.

There were four nominees for the first vice presidency. They were: W. Z. Bates of Lockhart, B. L. Griffith of Victoria, D. R. Howard of Seagoville and C. Wedgwarth of Snyder.

R. B. Fisher of Pampa was elected second vice president and Floyd G Betts of Wharton third vice president.

They were elected by acclamation.

The early part of today's program was devoted to sectional meetings. A general session was scheduled for this afternoon, with addresses by Nat Washer, President of the State board of education; L. A. Woods, State superintendent of public instruction; E. E. Oberholtzer, superintendent of Houston schools, and Bryan Dickson, superintendent of Kaufman county schools.

"The teacher in today's depression and tomorrow's prosperity" was the theme for the second general session of the convention last night.

Stillwel recounted the difficulties under which the schools of the country are operating. He said that during the last two years most school budgets had contained no provisions for new buildings and equipment. Salaries in the teaching profession have been severely reduced and school revenues considerably decreasd despite that fact that there has been a steady increase in enrollment.

Many schools will run only from three to six months. Others will have to shorten their terms a month or more. About 2,000 rural schools in the United States failed to open in 1933, Stillwel said. To aid in remedying the situation, Stillwel advised the people of the State to encourage, advise, and support legislators in their efforts to raise additional revenues for the schools.

HOUSTON MARRIED MAN KILLS DIVORCEE AND ENDS OWN LIFE

TRAGEDY OCCURRED IN THE STREET BETWEEN HOMES PRINCIPALS THURSDAY

HOUSTON, Dec. 1.—(AP)—A married man ran amuck here last night, shooting to death a divorcee and then firing a bullet through his own heart.

While his own wife shouted a horrified warning to the "other woman," John C. Kinser, 41, shot her down and then ended his own life.

The slain woman was Mrs. Gussie Broadway, 32, who lived across the street from the Kinsers. The double shooting took place in the street between the residences.

Justice of the Peace J. M. Ray returned a verdict of murder and suicide.

Investigators found a note in Kinser's pocket which read:

"At this writing I don't know just what will happen, but I think there will be two bodies found soon. I suppose the public will say I was crazy, but I am not quite yet. I am just tired of living in this world where there is no honesty to be found in anyone. There is not one that can be trusted in the whole world, so why go on.

"Goodbye, dear wife, you have done everything a man could wish for but I am not satisfied. Goodbye everybody."

Relatives of Mrs. Broadway told police she had been having an affair with Kinser since she moved into the house across the street from his residence shortly after obtaining a divorce three months ago.

Kinser went to visit Mrs. Broadway Wednesday and found another man there, according to relatives. Kinser was said to have knocked the other man down.

Police were told that Kinser spent much of his time yesterday seated in his automobile in front of his home, apparently watching the residence of Mrs. Broadway.

About dusk Mrs. Broadway and her mother, who lived with her, and her brother-in-law and sister, Mr. and Mrs. C. H. Jaencke, came out and started to go to the Jaenecke residence.

Kinser got out of his car and walked toward them saying, according to Mr. and Mrs. Jaencke, "Gussie, are you coming with me?"

Returns With Gun.

Jaenecke said Mrs. Broadway told him "no," and Kinser returned to his car and got a pistol then turned back toward Mrs. Broadway with the statement: "Well, you're either going with me or you are not going with anybody."

"Mrs. Broadway started to walk off and he began shooting at her." Jaenecke told police. "He missed her the first shot, then fired two more times, striking her in the back."

Jaenecke said when Kinser had called for Mrs. Broadway to come with him, Mrs. Kinser shouted from her porch across the street: "Don't go near him."

After the shooting started, Jaenecke ran to his own car and seized an automobile crank, then ran after Kinser and hit him on the back of the head. Kinser fell and the pistol dropped out of his hand.

Persons who rushed up and pulled Kinser to his feet had not known he had shot himself through the heart just before the crank felled him.

GRUESOME TEXAS MURDER MYSTERY BELIEVED CLEARED

VAN HORN VICTIM WAS CLEVELAND WIDOW; MAN IS TO BE CHARGED

EL PASO, Dec. 1.—(AP)—Assistant District Attorney John Penn announced that a charge of murder will be filed today against Arthur C. Wilson, 28, Cleveland, O., in connection with the slaying of Mrs. Irene Diebolt, 28, attractive Cleveland widow.

The widow's body was found near Van Horn,T ex., east of El Paso on Nov. 7. She had been beaten over the head, a cord tied tightly around her neck and all her clothing except silk stockings removed.

Identification was established yesterday by Cleveland police who showed pictures of the slain woman to Mrs. Frank Cheska of Cleveland, Mrs. Diebolt's sister.

Sheriff Chris P. Fox said he has been informed that Mrs. Diebolt left Cleveland with Wilson in September for California in an automobile bought by Mrs. Diebolt with her part of $4000 she received from insurance following the death of her husband.

The sheriff said that a federal plant inspection station crew on the boundary between Arizona and California gave him a license number of a car that passed through there east on Nov. 2 that was found to have been issued in Cleveland to Wilson. Inspectors at the station said the driver had a "companion."

A Pecos, Tex., tourist camp operator supplied the clue that led to the idenification of the woman. He turned over to officers several days ago a storage receipt issued by the Fuller Cleaning and Dyeing works of Cleveland, O, to Arthur C. Wilson for an overcoat placed in storage.

Found in Cabin.

The receipt was found in a cabin that a man occupied in the Pecos tourist camp for two hours on the night of Nov. 5, the day that undertakers say the woman was slain.

Camp attendants said that the man arrived at the camp at midnight wearing bedraggled pants and a clean white shirt. He refused to let anyone help him unload his automobile, but attendants reported the next morning that the man kept water running in his room for two hours and that he departed at 2 a.m.

Scraps of paper were found in the washbowl with Cleveland addresses on them.

Blood on Iron.

On the floor of the cabin was a freshly washed electric iron evidently forgotten by the man when he made a hurried departure. This iron was tested in an El Paso laboratory and found to contain human blood in a crack that had not been cleaned out by the washing, Sheriff Fox said.

The sheriff asked Cleveland police to take up the trail. They have been working on the case for more than a week and reported yesterday that the dead woman had been identified as Mrs. Irene Diebolt. Police in several cities have been asked to search for Wilson. He has been reported in Washington and New York.

Added to the chain of clues was the finding of a man's partly burned shirt beside the road near Kent, Tex., which is on the road from Van Horn to Pecos, two days after the slaying. The woman's partly burned clothing was found hidden under a culvert near Barstow several days later.

Mrs. Cheske said her sister, whose maiden name was Irene Rattigan, was married in Cleveland when she was 18.

"It took Irene almost a year to snap out of it after her husband died," Mrs. Cheske said. "I can't imagine how this happened. She was a brunette, good looking and well-posed. We are going to bring her body back and bury her next to her husband."

Cleveland Police Investigating

CLEVELAND, Dec. 1.—(AP)—Police, participating in the investigation of the murder of Mrs. Irene De Bolt, 35-year-old widow found slain near El Paso, Texas, said today they learned Arthur C. Wilson, sought for questioning, was friendly with her husband, Henry, before his death in August, 1932.

Detective Sergeant William Fitzgerald said both men worked for a steel company here. The sergeant traced an address on a storage battery receipt left in a tourist camp cabin in Texas, and learned Wilson bought an automobile September 13, and left for the World's Fair in Chicago Sept. 20.

Mrs. Frank Cheske, sister of the slain woman, said Mrs. De Bolt went to Florida, later returning to Cleveland, after receiving $4,000 in insurance following her husband's death.

"I think the last time I saw her was around Labor Day this year," Mrs. Cheske said. "I did not learn of her death until yesterday, when my husband, who had been helping police investigate, told me."

Mrs. De Bolt went to Chicago a few days before Wilson, Sergeant Fitzgerald said.

BALLOTS FOR USE IN ELECTION ON DEC. 5 DESTROYED

FIRST REPORTED FULFILLMENT OF PREDICTED VIOLENCE FRIDAY

BATON ROUGE La., Dec. 1.—(AP)—Ballots printed for use in the Long-Allen sixth Louisiana district "representative election" set for December 5 were burned today in front of the West Feliciana parish courthouse in St. Francisville by unidentified persons after being taken from a storing place in the building.

A door to the clerk of court's office where the ballots were stored was found forced. The tickets were carried out into the street and set ablaze, but it was difficult to obtain an eye witness account of the "raid."

The seizure and burning of the ballots was the first reported fulfillment of prophecies freely voiced by orator opponents of Senator Huey P. Long's proposal to name Mrs. Bolivar E. Kemp of Amite to succeed her husband without a party primary, that the plan might be halted by citizen violence.

It also confirmed persistent reports that ballots bearing Mrs. Kemp's name as the Democratic party "nominee" through her designation as such by the district executive committee had already been printed.

Ten East Baton Rouge parish citizens obtained a court order Tuesday restraining Secretary of State E. A. Conway from proceeding with ballot printing pending hearing December 4.

Town Marshall G. S. Davidson of St. Francisville discovered the burning pile of ballots.

The ballot burning followed quickly a unanimous vote of the police juries of West and East Feliciana refusing to pay officers to serve in the suddenly-called "election" set for next Tuesday by Governor Oscar K. Allen's proclamation.

The West Feliciana police jury just before the burning adopted a resolution "lending for an indefinite period" all the ballot boxes which would have been used Tuesday, to Elrie Robertson, St. Francsville weekly newspaper editor, as a move to keep the boxes from being used.

The same police jury likewise called on Cheston Fowlkes, Senator Long's appointee on the parish board of supervisors of elections, to resign.

JONES EXONERATED FRIDAY BY SENATE BANKING COMMITTEE

CHAIRMAN DECLARES LOANS TO TEXAS COMPANIES ADEQUATELY SECURED

WASHINGTON, Dec. 1.—(AP)—The senate banking subcommittee investigating reconstruction finance corporation loans today exonerated Jesse H. Jones—RFC chairman—of charges he was personally interested in loans by the government corporation to three Texas mortgage companies.

The committee, made up of the same senators who are investigating stock market practices, concluded that the loans to the Bankers Mortgage company, the Midland Mortgage company and the Southwestern Investment company, all in Jones' home state of Texas, were justified, adequately secured and Jones "had no personal interest in any of them."

Chairman Fletcher made public the conclusions informally in a talk with newspapermen, after a brief executive session of the subcommittee.

Formal complaints had been made that many mortgage company loans were going to firms in which Jones had a direct or indirect interest.

Fletcher said there were two suits being tried in Texas involving some of the loans but added:

"The thing we are concerned about was something else and we found that Jones didn't use the RFC to serve his personal individual interests. We found the loans justified, amply secured and Jones has no interest in them personally."

The subcommittee will proceed with investigation into loans to mortgage companies organized since the RFC act was amended to permit such loans.

The amendment was put through congress primarily to permit banks which were reluctant to borrow from the government on account of the publicity involved, to organize mortgage companies and obtain loans indirectly.

Fletcher said the committee wanted to find out the securities back of such loans and the purposes of some of them.

A report from the RFC was understood to show that the mortgage company loans now aggregate about $308,000,000. Of this amount New York has received slightly lesst han 25 per cent, or $86,000,000, while Texas has obtained around $30,000,000. Illinois, Colorado and Maryland also were said to have received large sums.

Says Complaints Not Sincere.

In a communication to the committee Jones assailed those who asked the committee to inquire into the Texas loans.

He contended the complaints were not sincere. They were submitted, he asserted to "aid unscrupulous lawyers who degrade an honorable profession and seek to use the courts of the land of the United States senate to further their own unholy purposes.

Jones said he had disposed of all his interest in the Bankers Mortgage company before he entered the RFC in April, 1932; that the Midland Mortgage company was a subsidiary of that concern, and that he was not interested in the Southwestern Investment company.

He said the RFC loaned the Bankers' Mortgage $1,489,691 in July 1932 on first Mortgage collateral worth $2,824,112. The business of that firm he described as "very conservative."

The Midland Mortgage, organized since the act was amended to authorize mortgage company loans, received a loan of $1,495,074 last June secured by $2,407,188 first mortgage collateral.

Asks Suit Dismissed.

FORT WORTH, Dec. 1.—(AP)—Attorneys for Frank Andrews, Houston, one of the defendants in the suit of Mrs. Selma Sternberg, St. Louis, against the Fort Worth Properties Corporation, Jesse H. Jones and others, today filed a motion in federal district curt here to dismiss in behalf of their client, contending the court of the northern district of Texas is without jurisdiction.

FLOYD

(Continued From Page One.)

tered under the name. She has not been questioned.

FORT SMITH, Ark., Dec. 4.—(AP)—Two women, identified by Constable Jack Pack and Deputy Constable Otto Kuykendall as the wife and cousin of Charles Arthur (Pretty Boy' Floyd, notorious Oklahoma outlaw and a man believed to be Floyd, were under heavy guard in a hospital here today, following an accident in which the three were injured.

Another man, Fred Stiles, Fort Smith, believed by officers to be the driver of the automobile when the crash occurred last night near Charleston, Ark., died at a hospital here early today.

Pace and Kuykendall said the women were Mrs. Ruby Floyd and Stella Collins, both of whom are known to have lived in Fort Smith for some time.

The man believed by officers to be Floyd gave his name to newsmen and hospital attendants as Bob Carney of Fort Smith. He was not questioned by police, but was placed under a police guard pending the arrival of Raymond Drake, officer of Sallisaw, Okla., with fingerprints. Floyd was born at Sallisaw.

Pace and Kuykendall, in regard to Floyd, said "we request you to announce that a positive identification has not been made yet."

"We are not sure that it is Floyd. It looks like him. He answers the description in every way."

The man believed to be Floyd was suffering from a broken leg. The woman identified as Mrs. Floyd and the cousin, Miss Collins, were bruised and cut.

Stiles had lived here about three years. He was formerly a coal miner of Paris, Ark.

Got Tip on Accident.

Pace and Kuykendall said they got a tip on the accident early this morning.

"Man said that one of the women hurt in the accident," Kuykendall said "states when asked her name, 'I am Mrs. Ruby Floyd.' We started to work on it then."

Attendants at St. Edwards' Mercy Hospital said the man held there under the name of Carney insisted he was not hurt seriously, and that he was leaving immediately. He wanted it made known that he had left, they said.

A man appearing at the hospital, representing himself as "Carney's brother" was told that Carney already had left.

The suspect has dark brown hair blue eyes and the round features of Floyd. His eyes looked steadily back at persons who entered the room, and he smiled from time to time. He is short and stocky, his weight being about 170 pounds.

Passing motorists brought the injured persons from the scene of the accident to the hospital.

Women Talk.

Officers were unable to learn immediately details of the accident.

Fay Collins, sister-in-law of Stella Collins and cousin of Mrs. Floyd, and Bessie Edwards, niece of Mrs. Floyd, were at the bedside of the woman identified as Mrs. Floyd. She was conscious but in great pain and was not questioned.

In the corridor, Fay Collins was asked where Mrs. Floyd's young son was. "At Bixby", she said.

"We have her husband under police guard," the Collins woman was told by a reporter.

"Of course the officers have known that Mrs. Floyd has been in the city about two months," Miss Collins was told.

"Yes, she's been here longer than that. I didn't know her husband was with her, however" the woman answered.

At the hospital the Floyd woman was registered under the name of Mrs. Ruby Floyd.

Some Floyd History.

By The Associated Press.

Elusive as a wraith, Charles Arthur Floyd, Oklahomas "Pretty Boy" public enemy, has sneered for three years at frantic manhunters seeking him for a list of reputed crimes staggering enough to awe the most fearsome outlaw man of the roaring days.

Wanted for murder and accused of many bank robbery after another, Floyd repeatedly has wriggled through the tight lines of the law to gain carefully hidden hideaways in the hills of Eastern Oklahoma or Western Arkansas, or find concealement in the far-flung greater Seminole Oil Fields where, legend has it, "Pretty Boy" played Robin Hood to the poor.

The Sallisaw hill country knew "Chuck" Floyd as a "good kid," until he wandered away from home to become a dandy and then a hoodlum. But if "Pretty Boy" retained any affection for the old home town it wasn't apparent, for one of his reputed exploits was to loot a Sallisaw bank, herding townspeople who knew him as a boy into the lobby with a six-shooter and kidnaping a bank employe.

Since he first left his native hills, the 25-year old thug has been accused of murder or banditry over a wide area.

Big Price on Head.

The price on his head has mounted into the thousands, Oklahoma considered mobilizing the national guard to catch him, following one particularly ambitious foray and his spectacular bank feats, officers say, have spurred an army of lesser imitators.

Jails weren't able to hold Floyd for any length of time since he was tripped on a highway charge in St. Louis in 1925 and put away in a Missouri State's prison for a short term.

In 1930, when Harland F. Manes of Akron, O., policeman was slain Floyd was rounded up Floyd and Walter Walker, later electrocuted for the murder. Unable to pin the crime on "Pretty Boy" the Akron officers turned him over to Canton, O., police for a bank job. He escaped from jail, was recaptured, convicted and sentenced to 10 to 25 years in prison but escaped by leaping from a train.

Captured later at Bowling Green, O. Floyd escaped after a battle in which Patrolman Gardner Castner was shot to death.

Suspected Murders.

Floyd, the Castner murder, is suspected of the killing of C. C. Burke, a federal prohibition agent at Kansas City, before he returned to Oklahoma and his career of crime climaxed in the killing of Erv Kelly, pioneer officer who sought to capture Floyd near Bixby before

Seeking Philippine Freedom

LONG

(Continued From Page One.)

By order of the administration and the district Democratic committee, the ballots at issue contain only the name of Mrs. Kemp, Senator Huey P. Long's selection for the congressional post.

In a series of violent demonstrations during the past few days citizens in several sections have seized the printed ballots from the parish court houses and burned them publicly, and a majority of the parishes in the district have declined to share any expense of the governor's election.

Last night Tangipahoa parish voters at Amite, home of Mrs. Kemp, fished the election ballots bearing her name out of the court clerk's office and burned them before cheering crowds on the old courthouse square.

Handbills Also Burned.

Similar fate befell handbills signed "Friends of Mrs. Bolivar E. Kemp," which were being distributed in Amite, Poncatoula and Hammond of Tangipahoa parish.

These handbills, seized from the workers engaged in distributing them, bore an opinion addressed to Gov. O. K. Allen under the signature of George M. Wallace, first assistant attorney general, ruling that "any injunctions or other processes which may be issued against the election called by you for Dec. 5, 1933, are null, void and without effect, and that all officers, commissioners and citizens in performing said election regardless of any injunction which may have been or may be issued, cannot in any manner be subjected to any embarrassment."

Ballots Printed.

Formal announcement that the administration had had the ballots printed in spite of the citizens' restraining order was made in the East Baton Rouge court by Geo. M. Wallace, assistant state attorney general.

Wallace entered a formal motion for dismissal of the restraining order by filing exceptions of no right or cause for action and lack of jurisdiction on the part of the court. He then agreed to go to trial on the merits of the case, with the exceptions noted in the record, apparently for purposes of appeal.

Ed Rightor, leader of the anti-Long forces in New Orleans, was called as the first witness to tell of the hurriedly assembled session of the sixth district committee in New Orleans—outside the district—a week ago, when anti-administration candidates were thrown out of the running by the committee's decision to name Mrs. Kemp as "the unopposed Democratic nominee."

Another Case Pending.

A second case of citizen's against the administration, challenging the administration's right to distribute the disputed ballots to the parishes in the district, was scheduled for hearing after the printing case.

While the suit was progressing about 150 West Feliciana parish citizens met in St. Francisville, where ballots bearing Mrs. Kemp's name were recently seized and burned along with batchs of Senator Long's handbills, and drew up a covenant asserting "firm belief in the orderly carrying out of legal election," but declaring that they were resentful of any actions "designed to intimidate" the citizenry and would "oust any oppressor."

Polling Booth Burned.

CLINTON, La., Dec. 4.—(AP)—A frame building housing a polling booth set up for use in tomorrow's sixth district congressional election was fired by unidentified persons today. The building was destroyed.

dawn on April 9, 1932.

The ill-fated ambush that ended in Kelly's death was laid at the home of Floyd's father-in-law.

"Pretty Boy" apparently scoffed at outlaw history to direct almost simultaneous raids on banks in Castle and Paden, ten miles apart, on January 14, 1932. In the early days, many an Oklahoma bad man has signed his death warrant by trying to rob two banks at the same time.

Floyd's methods have been untra modern. Eastern Oklahoma officers say they have fired at him point blank and that he only laughed and fled unscathed. They believe he habitually has worn a "bullet proof" vest and a steel skullcap. Sub-machine guns have been standard equipment in his bank raids, and, usually he has kidnaped the cashier or bank president after scooping up his loot, releasing his hostage unharmed after pursuers were distanced.

LITVINOFF

(Continued From Page One.)

recognition negotiations in Washington, discussed with Mussolini problems of international policy and how to better the general political situation in the spirit of an Italo-Soviet non-aggression pact.

That much was reported in an official communique, between whose lines well-informed persons read that Il Duce obtained Soviet support of his efforts to solve the disarmament dilemma.

An exchange of ratifications of the Italo-Soviet non-aggression accord, it was said officially, will be made "as soon as possible."

The interview between Litvinoff and the king in Quirinal Palace continued over an extended period. It was understood they did not touch on international politics in their conversations.

Afterward the Russian foreign secretary was driven in an automobile through the Pontine marsh, the great reclamation district understood to be a public work of great interest to Litvinoff.

M. Litvinoff was entertained at lunch in the new city of Littoria, which has risen from the marshes, uninhabitable until the recent completion of the reclamation project.

tions affecting a limited space and peoples, but none that has assumed the magnitude of the one from which we feel we are just now, to some extent, emerging.

"Naturally any calamity that affects the people as a whole in financial, social, moral and economical aspects must, of necessity, affect the whole structure of Masonry. I believe that we, as an organization, have withstood the depression unusually well.

"When we recall that capitular Masonry was organized at the time when the Israelitish people were at the lowest ebb almost in their entire existence, and they were demoralized, sick at heart, almost ready to give up, and then and from then we have ever pressed on and on through all the vicissitudes, wars and calamities that have encompassed us and in every instance come out intact and with a full realization of the purposes and designs intended by the Great Creator, when he communicated his purposes to our illustrious predecessors, we may feel assured that this catastrophe will have sunk into oblivion; and the great moral and Christian influence of this great order shall go on and on to a more perfect day."

Grand Master B. F. Huntsman was on the program to deliver the annual address to the grand council of Royal and Select Masters at the opening session in the afternoon.

Helm on Committee.

WACO, Dec. 4.—(AP)—Dr. E. M. Wood of Anson, grand high priest of the Grand Royal Arch Chapter of Masonry in Texas, today appointed Sam J. Helm, Hardy Petty, B. F. Brown, E. C. Couch and E. O. Feierabend on the Grand Chapter committee on grand officers report.

Other appointments made:

can act and trade agreements be drafted.

Decision in the court action to prevent the issuance of the State department proclamation announcing repeal will be given tomorrow by Justice F. Dickinson Letts in the District of Columbia Supreme court.

Argument of the case, brought by Canon Williams Sreafe Chase of Brooklyn, N. Y., and George S. Duncan of this city, both of the International Reform Federation, to prevent Acting Secretary Phillips from issuing the proclamation, was heard by Justice Letts.

The ratification in various states was attacked as unconstitutional by counsel for Canon Chase, who said the amendment could not be ratified by popular referendum and instructed delegates.
